Data from form "City of Peoria Redistricting Public Input Form" was received on 1/16/2017 4:55:44 PM.

Field	Value
Common Bonds Link	Shopping in a certain area (Lake Pleasant Towne Center)
North Boundry	Jomax Road
South Boundry	Happy Valley Road
East Boundry	Abrazo Medical Complex
West Boundry	Agua Fria River
Why Your Community Kept Intact	I should not be able to drive inside the walls of my neighborhood and cross districts
Which Other Areas Would You Like	Everything North of and bordering Happy Valley Rd. (Tierra Del Sol and North)
Other Suggestions Comments	We should not district according to race. Telling citizens that we must have a 22% minority voting group in Pine and Acacia is flat out racist. It is essentially stating to minorities, "This is your ghetto, but don't make it too much like a ghetto because we don't want others to know." It makes no sense whatsoever and any law mandating this should be repealed. This is arguably worse than affirmative action which tells minorities they are incapable of completing tasks compared to a white man. On a different note, The city council should take in mind that any citizen should know when their district ends. We should be using major roads as boundaries rather than scattering islands of districts around the city, even if this means one district has a few hundred more citizens than the next.

Data from form "City of Peoria Redistricting Public Input Form" was received on 1/17/2017 5:08:21 PM.

Field	Value
Common Bonds Link	We are the Apache Elementary School neighborhood.
North Boundry	Union Hills
South Boundry	Bell Road
East Boundry	83rd Avenue
West Boundry	The neighborhood west of 91st Avenue, between Bell and Union Hills also belongs to our neighborhood.
Why Your Community Kept Intact	My neighborhood has been divided right down the middle between Willow and Ironwood districts since the last redistricting. It has been just cut down the middle in some places, along 87th Avenue. If you are trying to keep neighborhoods together, I would suggest keeping the Apache School neighborhood together. We have shared interests and concerns and truly belong together as a whole, not divided just to make numbers work.
Which Other Areas Would You Like	I know that we often end up with Westbrook Village as part of our district, which I understand because they are close by, but truly we have more of the same concerns as the Desert Harbor area.
Other Suggestions Comments

Data from form "City of Peoria Redistricting Public Input Form" was received on 1/24/2017 3:50:59 PM.

Field	Value
Common Bonds Link	
North Boundry	lake pleasant
South Boundry	happy valley rd
East Boundry	35th ave
West Boundry	vistancia
Why Your Community Kept Intact	Less travel for kids to get to schools thus more time for extracurricular activites, homework and more sleep for growing bodies
Which Other Areas Would You Like	n/a
Other Suggestions Comments	We need to think about redoing the high school boundaries. There is no reason that kids from the very north of Peoria are going to Deer Valley high schools so far away when they pass other high schools on the way that are in the Peoria school district.

Data from form "City of Peoria Redistricting Public Input Form" was received on 1/24/2017 4:25:17 PM.

Field	Value
Common Bonds Link	Deer Valley School District, access to Happy Valley Road/Lake Pleasant Parkway shopping area, access to outdoor recreational activities (hiking in N. Peoria mountainous areas)
North Boundry	SR 303L
South Boundry	Happy Valley Road
East Boundry	67th Avenue
West Boundry	Agua Fria River
Why Your Community Kept Intact	Children attend the same schools, many people in the Northern Peoria area shop at the Lake Pleasant Parkway shopping center - these are our neighbors and the people we interact with. This is also a newer area, so some needs (such as transportation needs, parks, shopping, aesthetic details) are different in this area than south Peoria.
Which Other Areas Would You Like	N/A
Other Suggestions Comments	N/A
