Section 2.2 Description of System. The term “System” means and includes all of the properties and facilities of the complete Sewer plant and system of the Local Borrower, whether lying within or without the boundaries of the Local Borrower, as now existing and as they may hereafter be improved or extended, all improvements, additions and extensions thereto or replacements thereof hereafter constructed or acquired by purchase, contract or otherwise and all contracts, rights, agreements, leases and franchises of every nature owned by the Local Borrower and used or useful or held for use in the operation of said plant and system or any part or portion thereof.

Article 3 Loan to Local Borrower; Amounts Payable

Section 3.1 The Loan. The Authority shall loan and disburse to the Local Borrower in accordance with this Article 3 an amount listed in Exhibit A (the “Loan”), and the Local Borrower shall borrow and accept from the Authority, the Loan in the principal amount determined pursuant to this Article 3; provided, however, that (i) the Authority shall be under no obligation to disburse any amount of the Loan if an Event of Default has occurred and is continuing under this Loan Agreement, and (ii) the amount to be disbursed shall be lawfully available for disbursement. The Local Borrower shall use the proceeds of the Loan strictly in accordance with the requirements of this Loan Agreement.

Section 3.2 Disbursements of Loan Proceeds. The Authority may disburse funds by check, by electronic means or by means of magnetic tape or other transfer medium. Except as hereinafter provided, disbursements shall be made only when (i) the request for disbursements is in substantially the form provided by the Authority and is accompanied by the necessary certifications and documentation and (ii) an Authorized Officer of the Authority has determined that such disbursement is proper. An Authorized Officer of the Authority shall approve disbursements directly to the persons or entities entitled to payment or to the Local Borrower in the case of reimbursement for costs of services already paid, and shall provide the Local Borrower with a copy of the approval and the date approved. Disbursements may be made only for Eligible Project Costs.

Section 3.3 Amounts Payable. The Local Borrower shall pay to the Authority the amounts shown in Exhibit A on or before the dates shown in Exhibit A, as the same may be adjusted as provided in the Standard Terms and Conditions, to reflect any revisions to the principal repayment schedule of the Loan. Such payments shall be made by electronic funds transfer or by direct debit to the Authority.

Section 3.4 Tax Covenants.

(a) General. The Local Borrower acknowledges that, in connection with its state revolving fund programs, the Authority issues its bonds (“Authority Bonds”) from time to time to finance loans and the Authority also pledges certain loans to secure and to serve as the source of payment for the Authority Bonds. As a result, and under the provisions of federal tax law applicable to the Authority Bonds, it is in the Authority’s interest for the Loan to qualify and be an obligation that bears interest that is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations under the Internal Revenue Code. Therefore, the Local Borrower represents and covenants as follows with respect to the Loan and the Authority Bonds. The Local Borrower covenants that it will not take any action, or fail to take any action, if any such action or failure to take such action would adversely affect the exclusion from gross income of the interest on the Loan or the Authority Bonds under Section 103(a) of the Internal Revenue Code or cause the interest on the Loan or the Authority Bonds to become an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations under the Internal Revenue Code, and in the event of such action or omission, it will, promptly upon having such brought to its attention, take such reasonable actions based upon a bond counsel opinion as may rescind or otherwise negate such action or omission. The Local Borrower will not directly or indirectly use or permit the use of any proceeds of the Loan or any other funds of the Local Borrower or take or omit to take any action that would cause the Loan or the Authority Bonds to be or become “arbitrage bonds” within the meaning of Section 148(a) of the Internal Revenue Code or to fail to meet any other applicable requirement of Sections 103, 141, 148, 149 and 150 of the Internal Revenue Code or cause the interest on the Loan or the Authority Bonds to become an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations under the Internal Revenue Code. To that end, the Local Borrower will comply with all applicable requirements of Sections 103, 141, 148, 149 and 150 of the Code to the extent applicable to the Loan.

(b) Modification Based on Bond Counsel Opinion. Notwithstanding any provision of this Section, if the Local Borrower provides to the Authority a bond counsel opinion to the effect that any action required under this Section is no longer required, or to the effect that some further action is required, to maintain the exclusion from gross income of interest on the Loan or the Authority Bonds pursuant to Section 103(a) of the Internal Revenue Code, the provisions of this Section and the covenants in this Section shall be deemed to be modified to that extent.

(c) Bond Counsel Opinion. For purposes of this Section, “bond counsel opinion” means an opinion letter of a firm of attorneys of national reputation experienced in the field of municipal bonds whose opinions are generally accepted by purchasers of municipal bonds, and who is acceptable to the Authority.

IN WITNESS WHEREOF, the Authority and the Local Borrower have caused this Loan Agreement to be executed and delivered as of the date of execution hereof.

LOAN AGREEMENT ADDENDUM

Wage Rate and Forgivable Principal Requirements for Compliance with P.L. 111-88

Water Infrastructure Finance Authority of Arizona

This document (this “Wage Rate and Forgivable Principal Addendum”) sets forth additional requirements applicable to state revolving fund Loans made by the Water Infrastructure Finance Authority of Arizona (“WIFA”) that are subject to the requirements of Public Law 111-88, “Making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2010, and for other purposes,” enacted October 30, 2009 (“P.L. 111-88”). The provisions in this Wage Rate and Forgivable Principal Addendum are a part of the Loan Agreement. Capitalized terms not otherwise defined herein shall have the meanings given them in the Loan Agreement.

The parties acknowledge and agree that funds disbursed by WIFA to the Local Borrower will include funds made available to WIFA by the federal government under P.L. 111-88, and that the requirements of P.L. 111-88 include those set forth in this Wage Rate and Forgivable Principal Addendum. The Local Borrower agrees to comply with all of those requirements and agrees that failure to do so is a breach of the provisions of the Loan Agreement which may result in a default under the Loan Agreement, termination of WIFA’s obligation to make disbursements on the Loan and the Local Borrower being required to repay all amounts that have been disbursed by WIFA on the Loan, together with interest and fees as provided in the Loan Agreement (including interest and fees at rates adjusted from those originally in effect as described herein).

Additional Requirement for Subrecipients that are not Governmental Entities:

Obtaining Wage Determinations - Under this Wage Rate and Forgivable Principal Addendum, the non-governmental borrower must submit its proposed Davis Bacon wage determinations to WIFA for approval prior to including the wage determination in any solicitation, contract task orders, work assignments, or similar instruments to existing contractors. **THIS PARAGRAPH DOES NOT APPLY TO GOVERNMENTAL ENTITIES.**

Section 1. P.L. 111-88 Compliance - Forgivable Principal Portion.

(a) Section 1 of Exhibit A to the Loan Agreement specifies the Total Financial Assistance Amount, the amount, if any, designated as the Forgivable Principal Portion, the Intended Repayment Amount, and the required amount of reserves to be established based upon the Intended Repayment Amount. Section 2 of Exhibit A to the Loan Agreement specifies a schedule of interest and principal payments based on the Intended Repayment Amount. If the Local Borrower fails to comply with the requirements of P.L. 111-88, including those set forth in this Wage Rate and Forgivable Principal Addendum:

(i) WIFA will provide a revised Exhibit A for the Loan Agreement to amortize the entire Total Financial Assistance Amount with the Forgivable Principal Portion set to \$1,000,000.00, adjusted, as necessary, to incorporate, previous principal payments.

(ii) The Local Borrower will repay the Total Financial Assistance Amount.

Section 2. P.L. 111-88 Compliance - Wage Rate Requirements.

This language must be included in all Davis Bacon covered construction contracts and subcontracts. (29 CFR Part 5.5)

(a) The Local Borrower shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a treatment work under the CWSRF or a construction project under the DWSRF, or building or work financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions of any of the acts listed in Sec. 5.1, or the FFY 2010 appropriation, the following clauses:

(1) **Minimum wages.** (i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in Sec. 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers. Local Borrowers may obtain wage determinations from the U. S. Department of Labor's web site, www.wdol.gov.

(ii)(A) The Local Borrower, on behalf of EPA, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The WIFA award official shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Local Borrower agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the Local Borrower to the WIFA award official. The WIFA award official will transmit the report, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210 and to the EPA Davis Bacon Regional Coordinator concurrently. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the WIFA award official or will notify the WIFA award official within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the Local Borrower do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the questions, including the views of all interested parties and the recommendation of the WIFA award official, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) **Withholding.** The Local Borrower shall upon its own action or upon written request of WIFA, EPA award official or an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor,

applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) **Payrolls and basic records.** (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Local Borrower. Such documentation shall be available on request of WIFA or EPA. As to each payroll copy received, the subrecipient shall provide written confirmation in a form satisfactory to the State indicating whether or not the project is in compliance with the requirements of 29 CFR 5.5 (a)(1) based on the most recent payroll copies for the specified week. **The payrolls shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number).** The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/whd/forms/wh347.pdf> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the Local Borrower for transmission to WIFA or EPA, if requested by EPA, WIFA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the Local Borrower.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under Sec. 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained

under Sec. 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of WIFA, EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency or WIFA may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees - (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate

specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the EPA determines may be appropriate, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) **Contract termination: debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) **Compliance with Davis-Bacon and Related Act requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the Local Borrower, WIFA, EPA, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility.** (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(b) **Contract Work Hours and Safety Standards Act.** The Local Borrower shall insert the following clauses set forth in paragraphs (b)(1), (2), (3), and (4) of this section in full in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by Sec. 5.5(a) or 4.6 of part 4 of this title. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The Local Borrower, upon its own action or upon written request of the EPA Award Official or an authorized representative of the Department of Labor shall withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

LOAN AGREEMENT ADDENDUM

American Iron and Steel Requirements for Compliance with Federal Law

Water Infrastructure Finance Authority of Arizona

This document (this "American Iron and Steel Addendum") sets forth additional requirements made applicable to state revolving fund Loans made by the Water Infrastructure Finance Authority of Arizona ("WIFA") by federal law. The provisions in this American Iron and Steel Addendum are a part of the Loan Agreement. Capitalized terms not otherwise defined herein shall have the meanings given them in the Loan Agreement.

The parties acknowledge and agree that funds disbursed by WIFA to the Local Borrower will include funds made available to WIFA by the federal government under federal law, and that the requirements of federal law include those set forth in this American Iron and Steel Addendum. The Local Borrower agrees to comply with all of those requirements and agrees that failure to do so is a breach of the provisions of the Loan Agreement which may result in a default under the Loan Agreement, termination of WIFA's obligation to make disbursements on the Loan and the Local Borrower being required to repay all amounts that have been disbursed by WIFA on the Loan, together with interest and fees as provided in the Loan Agreement.

Federal law requires that WIFA include in all assistance agreements, including the Loan Agreement, for the construction, alteration, maintenance, or repair of treatment works under the Clean Water State Revolving Fund and for the construction, alteration, maintenance, or repair of a public water system under the Drinking Water State Revolving Fund, a provision requiring the application of American Iron and Steel requirements for the entirety of the construction activities financed by the assistance agreement through completion of construction, no matter when construction commences. Whether or not the project has multiple sources of funding, the American Iron and Steel requirements apply to the entire project and not just to the activities funded by the money made available to WIFA by the federal government.

Section 1. American Iron and Steel Requirements. In accordance with federal law:

(a)(1) None of the funds made available to WIFA as authorized by title VI of the Federal Water Pollution Control Act (33 U.S.C. 1381 et seq.) or as authorized by section 1452 of the Safe Drinking Water Act (42 U.S.C. 300j-12) shall be used for a project for the construction, alteration, maintenance, or repair of a public water system or treatment works unless all of the iron and steel products used in the project are produced in the United States.

(2) In this section, the term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

(b) Subsection (a) shall not apply in any case or category of cases in which the Administrator of the Environmental Protection Agency (in this section referred to as the "Administrator") finds that—

- (1) applying subsection (a) would be inconsistent with the public interest;
 - (2) iron and steel products are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
 - (3) inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent.
- (c) If the Administrator receives a request for a waiver under this section, the Administrator shall make available to the public on an informal basis a copy of the request and information available to the Administrator concerning the request, and shall allow for informal public input on the request for at least 15 days prior to making a finding based on the request. The Administrator shall make the request and accompanying information available by electronic means, including on the official public Internet Web site of the Environmental Protection Agency.

Section 2. General Provisions.

- (a) Binding Effect. This American Iron and Steel Addendum shall inure to the benefit of and shall be binding upon WIFA and the Local Borrower and their respective successors and assigns.
- (b) Severability. In the event any provision of this American Iron and Steel Addendum shall be held illegal, invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate, render unenforceable or otherwise affect any other provision hereof.
- (c) Amendments, Supplements and Modifications. This American Iron and Steel Addendum may not be amended, supplemented or modified without the prior written consent of WIFA and the Local Borrower.
- (d) Execution in Counterparts. This American Iron and Steel Addendum may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.
- (e) Applicable Law. This American Iron and Steel Addendum shall be governed by and construed in accordance with the laws of the State of Arizona and applicable federal law.
- (f) Captions. The captions or headings in this American Iron and Steel Addendum are for convenience only and shall not in any way define, limit or describe the scope or intent of any provisions of this American Iron and Steel Addendum.
- (g) Further Assurances. The Local Borrower shall, at the request of WIFA , authorize, execute, acknowledge and deliver such further resolutions, conveyances, transfers, assurances, financing statements and other instruments as may be necessary or desirable for better assuring, conveying, granting, assigning and confirming the rights and agreements granted or intended to be granted by this American Iron and Steel Addendum.
- (h) Prohibition Against Discrimination. In the event that it applies, the parties agree to comply with the Arizona Governor's Executive Order 2009-9, entitled "Prohibition of

Discrimination in State Contracts Non-Discrimination in Employment by Government Contractors and Subcontractors," which mandates that all persons, regardless of race, color, religion, sex, age, or national origin shall have equal access to employment opportunities, and all other applicable state and Federal employment laws, rules, and regulations, including the Americans with Disabilities Act. The Local Borrower shall take affirmative action to ensure that applicants for employment and employees are not discriminated against due to race, creed, color, religion, sex, national origin or disability.

(i) Arbitration. In the event of a dispute, the parties agree to use arbitration, after exhausting applicable administrative review, to the extent required by Arizona Revised Statutes Section 12-1518, and the prevailing party shall be entitled to attorney's fees and costs with respect thereto.

(j) Notice of Arizona Revised Statutes Section 38-511 - Cancellation. Notice is hereby given of the provisions of Arizona Revised Statutes Section 38-511, as amended. By this reference, the provisions of said statute are incorporated herein to the extent of their applicability to this American Iron and Steel Addendum under the law of the State of Arizona.

The Local Borrower is not obligated to make the payments on the Loan from any sources other than the Source of Repayment but the Local Borrower may, at its sole option, make payment on the Loan from other funds as permitted by law.

Exhibit H Form of Tax Compliance Certificate of Local Borrower

Water Infrastructure Finance Authority of Arizona

\$17,764,029.00 Loan to City of Peoria

The Water Infrastructure Finance Authority of Arizona (the “Authority”) and City of Peoria (the “Local Borrower”) are entering into a Loan Agreement (the “Loan Agreement”) in the maximum principal amount stated above pursuant to which the Authority will make a loan (the “Loan”) to the Local Borrower. In connection with its state revolving fund programs, the Authority issues its bonds (“Authority Bonds”) from time to time to finance loans and the Authority also pledges certain loans to secure and to serve as the source of payment for the Authority Bonds. As a result, and under the provisions of federal tax law applicable to the Authority Bonds, it is in the Authority’s interest for the Loan to qualify and be a Tax-Exempt Obligation that is not an AMT Obligation. Therefore, in order to establish certain facts necessary for the Loan to qualify and be treated as a Tax-Exempt Obligation that is not an AMT Obligation, and as required by the provisions of the Loan Agreement, the Local Borrower by its officer signing this Certificate, certifies, represents, and covenants as follows with respect to the Loan. All statements in this Certificate are of facts or, as to events to occur in the future, reasonable expectations.

I. DEFINITIONS

1.10. Attachment A. The definitions and cross-references set forth in Attachment A apply to this Certificate and its Attachments. All terms relating to a particular issue, such as Sale Proceeds, relate to the Loan, unless indicated otherwise. (For example, “Sale Proceeds” refers to Sale Proceeds of the Loan, unless indicated otherwise.)

1.20. Special Definitions. Terms used herein, to the extent not defined in Attachment A or below, have the same meaning as defined in the Loan Agreement. In addition, the following definitions apply to this Certificate and its Attachments:

“Instructions” means the Rebate Instructions attached hereto as Attachment A-1.

“Issue” means the Loan.

“Issuer” means the Local Borrower.

“Project” means the financing of a portion of the costs of acquisition, construction and improvement of facilities to be financed by the Loan and includes Issuance Costs and interest on the Loan for up to three years from the Issuance Date or, if later, one year after the date the Project is placed in service, all of which are governmental purposes for purposes of the Code.

“Reserve Fund” is defined in 3.40(a).

1.30. References. Reference to a Section means a section of the Code. Reference by number only (for example, “2.10”) means that numbered paragraph of this Certificate. Reference to an Attachment means an attachment to this Certificate.

II. ISSUE DATA

2.10. Issuer. The Issuer is a Governmental Unit.

2.20. Purpose of Issue. The Issue is being issued to provide funds to pay costs of the Project.

2.30. Dates. The Sale Date of the Issue is the date on which the Loan Agreement is executed and delivered by the Authority and the Local Borrower, and the Issuance Date of the Issue is the first date on which the aggregate draws under the Loan exceed the lesser of \$50,000 or 5% of the principal amount of the Loan.

2.40. Issue Price. The Issue Price of the Issue is the principal amount actually advanced by the Authority to the Issuer as the Loan.

2.50. Sale Proceeds, Net Proceeds, and Net Sale Proceeds. The amount of Sale Proceeds equals the Issue Price. The amount of Net Proceeds equals the Issue Price minus the amount of Proceeds (if any) deposited in the Reserve Fund (if any). The amount of Net Sale Proceeds equals the amount of Net Proceeds minus the Minor Portion.

2.60. Disposition of Sale Proceeds. There will be no Pre-Issuance Accrued Interest with respect to the Issue. The Sale Proceeds will be used to pay costs of the Project and, if applicable, to fund the Reserve Fund (if any).

2.70. Higher Yielding Investments. Gross Proceeds will not be invested in Higher Yielding Investments except for (A) the Minor Portion to the extent provided in 3.80, (B) those Gross Proceeds identified in 3.10, 3.20, and 3.30, but only during the applicable Temporary Periods there described for those Gross Proceeds, and (C) Gross Proceeds held in the Reserve Fund (if any) to the extent set forth in 3.40(a).

2.80. Single Issue. No other obligations have been or will be sold less than 15 days before or after the Sale Date pursuant to the same plan of financing with the Issue that are expected to be paid from substantially the same source of funds as the Issue, determined without regard to guarantees from a person who is not a Related Party to the Issuer. Accordingly, no obligations other than those of the Issue are a part of a single issue with the Issue.

III. ARBITRAGE (NONREBATE) MATTERS

3.10. Use of Net Sale Proceeds and Pre-Issuance Accrued Interest; Temporary Periods.

(A) Pre-Issuance Accrued Interest. There will be no Pre-Issuance Accrued Interest with respect to the Issue.

(B) Payment of Costs of the Project.

(1) All of the Net Sale Proceeds will be used to pay costs of the Project. Such Sale Proceeds may be used to acquire or hold Higher Yielding Investments for a period ending on the third anniversary of the Issuance Date (such period being the Temporary Period for such amount) because the following three tests are reasonably expected to be satisfied:

(i) At least 85% of the Net Sale Proceeds will be allocated to expenditures on the Project by the end of the Temporary Period;

(ii) Within 6 months of the Issuance Date, the Issuer will incur substantial binding obligations to third parties to expend at least 5% of the Net Sale Proceeds on the Project; and

(iii) Completion of the Project and allocation of the Net Sale Proceeds to expenditures will proceed with due diligence.

Any Sale Proceeds that remain unspent on the third anniversary of the Issuance Date, which is the expiration date of the Temporary Period for such Proceeds, shall not be invested in Higher Yielding Investments with respect to the Issue after that date except as part of the Minor Portion. In complying with the foregoing sentence, the Issuer may take into account “yield reduction payments” (within the meaning of Regulations §1.148-5(c)) paid to the United States.

(2) Any Reimbursement Allocation will qualify as a Reimbursement of Prior Capital Expenditures and will be made by an entry in the financial records of the Issuer kept with respect to the Issue showing that Sale Proceeds of the Issue have been returned to the fund or account of the Issuer from which such amount was originally and temporarily advanced to finance Capital Expenditures paid before this date by not more than (A) 18 months after the later of the date such Capital Expenditures were paid or the date on which the property resulting from such Capital Expenditures and comprising part of the Project was placed in service or (B) three years after the original expenditures were paid.

3.20. Investment Proceeds. Any Investment Proceeds will be used to pay costs of the Project and may be invested in Higher Yielding Investments during the Temporary Period identified in 3.10(B)(1) or, if longer, one year from the date of receipt, such period being the Temporary Period for such Proceeds.

3.30. Payment Fund. Amounts deposited from time to time in the fund of the Issuer from which payments will be made on the Issue, which is a Bona Fide Debt Service Fund, will be used to pay Debt Service on the Issue within 13 months after the amounts are so deposited, such period being the Temporary Period for such amounts.

3.40. Reserve Funds.

(A) Debt Service Reserve Fund. If (and only if) the Loan Agreement requires the funding of a debt service reserve fund (“Reserve Fund”) in cash: The amount of Proceeds of the Loan deposited in the Reserve Fund shall not exceed

10% of the stated principal amount of the Loan. Amounts in the portion of the Reserve Fund allocable to the Issue may be invested in Higher Yielding Investments with respect to the Issue to the extent that such amounts do not exceed the least of (i) 10% of the principal amount of the Issue; (ii) maximum annual Debt Service; and (iii) 125% of average annual Debt Service. Any amounts in the portion of the Reserve Fund allocable to the Issue in excess of the least of these amounts will not be invested in Higher Yielding Investments with respect to the Issue. In complying with the yield restriction set forth in this Section, the Issuer may take into account “yield reduction payments” (within the meaning of Regulations § 1.148-5(c)) timely paid or to be timely paid to the United States because amounts in the Reserve Fund (other than investment earnings) are not reasonably expected to be used to pay Debt Service other than in connection with reductions in the amount required to be in the Reserve Account. The establishing and funding of the Reserve Fund was reasonably required by the Authority as a condition of making the Loan.

(B) Replacement Reserve Fund. If (and only if) the Loan Agreement requires the funding of a replacement reserve fund (“Replacement Reserve Fund”) in cash: The Replacement Reserve Fund may be used for one or more of the following purposes: (i) the acquisition of new, or the replacement of obsolete or worn out, machinery, equipment, furniture, fixtures or other personal property for the Issuer’s utility system, provided that the property is depreciable; (ii) the performance of repairs with respect to the Issuer’s utility system that are of an extraordinary and non-recurring nature, provided that the property is depreciable; (iii) the acquisition or construction of additions to or improvements, extensions or enlargements to, or remodeling of, the Issuer’s utility system, provided that the property is depreciable; and/or (iv) to make Debt Service payments to the Authority on the Issue (collectively, the “Permitted Uses”). The Issuer reasonably expects to use amounts in the Replacement Reserve Fund for Permitted Uses other than to make Debt Service payments to the Authority on the Issue, and therefore there is no reasonable assurance of the availability of those amounts to make Debt Service payments to the Authority on the Issue if the Issuer encounters financial difficulties

3.50. No Other Replacement Fund or Assured Available Funds. Except as described in 3.30 and, if and to the extent applicable, 3.40(A), , the Issuer has not established and does not expect to establish or use any sinking fund, debt service fund, redemption fund, reserve or replacement fund, or similar fund, or any other fund to pay Debt Service on the Issue. Except for money referred to in 3.30 and Proceeds of a Refunding Issue, if any, no other money or Investment Property is or will be pledged as collateral or used for the payment of Debt Service on the Issue (or for the reimbursement of any others who may provide money to pay that Debt Service), or is or will be restricted, dedicated, encumbered, or set aside in any way as to afford the holders of the Issue reasonable assurance of the availability of such money or Investment Property to pay Debt Service on the Issue.

3.60. No Overissuance. The Proceeds of the Issue are not reasonably expected to exceed the amount needed for the governmental purposes of the Issue as set forth in 2.20.

3.70. Other Uses of Proceeds Negated. Except as stated otherwise in this Certificate, none of the Proceeds of the Issue will be used:

(A) to pay principal of or interest on, refund, renew, roll over, retire, or replace any other obligations issued by or on behalf of the Issuer or any other Governmental Unit,

(B) to replace any Proceeds of another issue that were not expended on the project for which such other issue was issued,

(C) to replace any money that was or will be used directly or indirectly to acquire Higher Yielding Investments,

(D) to make a loan to any person or other Governmental Unit,

(E) to pay any Working Capital Expenditure other than expenditures identified in Regulations §1.148-6(d)(3)(ii)(A) and (B) (i.e., Issuance Costs of the Issue, Qualified Administrative Costs, reasonable charges for a Qualified Guarantee or for a Qualified Hedge, interest on the Issue for a period commencing on the Issuance Date of the Issue and ending on the date that is the later of three years from such Issuance Date or one year after the date on which the project financed or refinanced by the Issue was or will be placed in service, payments of the Rebate Amount, and costs, other than those already described, that do not exceed 5% of the Sale Proceeds and that are directly related to Capital Expenditures financed or deemed financed by the Issue, principal or interest on an issue paid from unexpected excess Sale Proceeds or Investment Proceeds, and principal or interest on an issue paid from investment earnings on a reserve or replacement fund that are deposited in a Bona Fide Debt Service Fund), or

(F) to reimburse any expenditures made prior to the Issuance Date except those that qualify as a Reimbursement of Prior Capital Expenditures.

No portion of the Issue is being issued solely for the purpose of investing Proceeds in Higher Yielding Investments.

3.80. Minor Portion. The Minor Portion is equal to the lesser of 5% of the Sale Proceeds of the Issue and \$100,000. Such Minor Portion may be invested in Higher Yielding Investments with respect to the Issue.

3.90. No Other Replacement Proceeds. That portion of the Issue that is to be used to finance Capital Expenditures has a weighted average maturity that does not exceed 120% of the weighted average reasonably expected economic life of the property resulting from such Capital Expenditures.

IV. REBATE MATTERS

4.10. Issuer Obligation Regarding Rebate. Consistently with its covenants contained in the Loan Agreement, the Issuer will calculate and make, or cause to be calculated and made,

payments of the Rebate Amount in the amounts and at the times and in the manner provided in Section 148(f) with respect to Gross Proceeds to the extent not exempted under Section 148(f)(4) and the Instructions.

4.20. No Avoidance of Rebate Amount. No amounts that are required to be paid to the United States will be used to make any payment to a party other than the United States through a transaction or a series of transactions that reduces the amount earned on any Investment Property or that results in a smaller profit or a larger loss on any Investment Property than would have resulted in an arm's length transaction in which the Yield on the Issue was not relevant to either party to the transaction.

4.30. Exceptions.

(A) Small Issuer Exception. The Issue is exempt under Section 148(f)(4)(D) from the rebate requirement **if all** of the following requirements are satisfied:

(1) The Issuer is a Governmental Unit with general taxing powers within the meaning of Section 148(f)(4)(D), and

(2) No part of the Issue is a Private Activity Bond, and

(3) All of the Net Proceeds will be used for "local governmental activities" of the Issuer within the meaning of Section 148(f)(4)(D) and none of the Net Proceeds will be used for any Private Business Use, and

(4) The aggregate principal amount of all Tax-Exempt Obligations, including the Issue, issued or to be issued by the Issuer, its subordinate entities and entities that issue any such obligations on behalf of the Issuer, or on behalf of which the Issuer issues any such obligations, during the current calendar year does not, and is not reasonably expected to, exceed \$5,000,000. The Tax-Exempt Obligations taken into account for this purpose exclude any Private Activity Bonds and any Current Refunding Portion and Current Refunding Issue to the extent that the amount of such Current Refunding Portion or Current Refunding Issue does not exceed the outstanding amount of the obligations refunded by such Current Refunding Portion or Current Refunding Issue. No entity has been or will be formed or availed of to avoid the purposes of Section 148(f)(4)(D)(i)(IV).

If, but only if, all of the above requirements are satisfied, check here: [____]

and sign here: _____

(B) General Exception. Notwithstanding the foregoing, the computations and payments of amounts to the United States referred to in IV need not be made to the extent that the Issuer will not thereby fail to comply with any requirements of Section 148(f) and the Instructions based on an opinion of bond counsel.

4.40. Election. The Issue is a Construction Issue. The Issuer hereby elects to apply the 2-year spending exception to the rebate requirements on the basis of actual facts instead of the Issuer's reasonable expectations.

V. OTHER TAX MATTERS

5.10. Not Private Activity Bonds or Pool Bonds. No obligation of the Issue will be a Private Activity Bond or a pooled financing bond (within the meaning of Section 149(f)), based on the following:

(A) Not more than 5% of the Proceeds, if any, directly or indirectly, will be used for a Private Business Use and not more than 5%, if any, of the Debt Service on the Issue, directly or indirectly, will be secured by any interest in property used or to be used for a Private Business Use or payments in respect of such property, or will be derived from payments (whether or not to the Issuer) in respect of property, or borrowed money, used or to be used for a Private Business Use.

(B) Less than 5% of the Proceeds, if any, will be used to make or finance loans to any Private Person or Governmental Unit other than the Issuer.

(C) The lesser of the Proceeds that are being or will be used for any Private Business Use or the Proceeds with respect to which there are payments or (borrowed money) that are being or will be used for any Private Business Use does not exceed \$15,000,000 and none of the Proceeds will be used with respect to an "output facility" (other than a facility for the furnishing of water) within the meaning of Section 141(b)(4).

(D) The Issuer does not expect to sell or otherwise dispose of the Project or any portion thereof during the term of the Issue except for dispositions of property in the normal course at the end of such property's useful life to the Issuer. With respect to tangible personal property, if any, that is part of the Project, the Issuer reasonably expects that:

(1) Dispositions of such tangible personal property, if any, will be in the ordinary course of an established governmental program;

(2) The weighted average maturity of the obligations of the Issue financing such property (treating the obligations of the Issue properly allocable to such personal property as a separate issue for this purpose) will not be greater than 120% of the reasonably expected actual use of such property for governmental purposes;

(3) The fair market value of such property on the date of disposition will not be greater than 25% of its cost;

(4) The property will no longer be suitable for its governmental purposes on the date of disposition; and

(5) The amounts received from any disposition of such property are required to be, and will be, commingled with substantial tax or other governmental revenues and will be spent on governmental programs within 6 months from the date of such deposit and commingling.

5.20. Issue Not Federally Guaranteed. The Issue is not Federally Guaranteed.

5.30. Not Hedge Bonds. At least 85% of the Spendable Proceeds will be used to carry out the governmental purposes of the Issue within three years from the Issuance Date. Not more than 50%, if any, of the Proceeds will be invested in Nonpurpose Investments having a substantially guaranteed Yield for four years or more (including but not limited to any investment contract or fixed yield investment having a maturity of four years or more). The reasonable expectations stated above are not based on and do not take into account (A) any expectations or assumptions as to the occurrence of changes in market interest rates or changes of federal tax law or regulations or rulings thereunder or (B) any prepayments of items other than items that are customarily prepaid.

5.40. Hedge Contracts. The Issuer has not entered into, and does not reasonably expect to enter into, any Hedge with respect to the Issue, or any portion thereof. The Issuer acknowledges that entering into a Hedge with respect to the Issue, or any portion thereof, may change the Yield and that Bond Counsel should be contacted prior to entering into any Hedge with respect to the Issue in order to determine whether payments/receipts pursuant to the Hedge will be taken into account in computing the Yield.

5.50. Internal Revenue Service Information Return. Within the time and on the form prescribed by the Internal Revenue Service under Section 149(e), the Issuer will file with the Internal Revenue Service an Information Return setting forth the required information relating to the Issue. The information reported on that Information Return will be true, correct, and complete to the best of the knowledge and belief of the undersigned.

5.60. Responsibility of Officer.

(A) The officer signing this Certificate is one of the officers of the Issuer responsible for issuing the Issue.

(B) To the best of the knowledge, information, and belief of the undersigned, all expectations stated in this Certificate are the expectations of the Issuer and are reasonable, all facts stated are true, and there are no other existing facts, estimates, or circumstances that would or could materially change the statements made in this Certificate. The certifications and representations made in this Certificate are intended to be relied upon as certifications described in Regulations § 1.148-2(b). The Issuer acknowledges that any change in the facts or expectations from those set forth in this Certificate may result in different requirements or a change in status of the Issue or interest thereon under the Code, and that bond counsel should be contacted if such changes are to occur or have occurred.

Attachment A

Definitions for Tax Compliance Certificate of Local Borrower

The following terms, as used in Attachment A and in the Tax Compliance Certificate to which it is attached and in the other Attachments to the Tax Compliance Certificate, have the following meanings unless therein otherwise defined or unless a different meaning is indicated by the context in which the term is used. Capitalized terms used within these definitions that are not defined in Attachment A have the meanings ascribed to them in the Tax Compliance Certificate to which this Attachment A is attached. The word “Issue,” in lower case, refers either to the Issue or to another issue of obligations or portion thereof treated as a separate issue for the applicable purposes of Section 148, as the context requires. The word “obligation” or “obligations,” in lower case, includes any obligation, whether in the form of bonds, notes, certificates, or any other obligation that is a “bond” within the meaning of Section 150(a)(1). All capitalized terms used in this Certificate include either the singular or the plural. All terms used in this Attachment A or in the Tax Compliance Certificate to which this Attachment A is attached, including terms specifically defined, shall be interpreted in a manner consistent with Sections 103 and 141-150 and the applicable Regulations thereunder except as otherwise specified. All references to Section, unless otherwise noted, refer to the Code.

If an issue is a Multipurpose Issue that includes a New Money Portion that is a Construction Issue, this definition shall be applied by substituting “New Money Portion” for “issue” each place the latter term appears. If an issue or the New Money Portion of a Multipurpose Issue, as applicable, is not a Construction Issue, and the Issuer makes the bifurcation election under Regulations §1.148-7(j)(1)

and Section 148(f)(4)(C)(v) to treat the issue or the New Money Portion as two separate issues consisting of the Construction Portion and the Nonconstruction Portion, this definition shall be applied by substituting “Construction Portion” for “issue” each place the latter term appears.

“Bond Year” means the annual period relevant to the application of Section 148(f) to an issue, except that the first and last Bond Years may be less than 12 months long. “Code” means the Internal Revenue Code of 1986, the Regulations (whether temporary or final) under that Code or the statutory predecessor of that Code, and any amendments of, or successor provisions to, the foregoing and any official rulings, announcements, notices, procedures and judicial determinations regarding any of the foregoing, all as and to the extent applicable. Unless otherwise indicated, reference to a Section includes any applicable successor section or provision and such applicable Regulations, rulings, announcements, notices, procedures and determinations pertinent to that Section.

“Commingled Fund” means any fund or account of the Issuer that contains both Gross Proceeds of an issue and amounts in excess of \$25,000 that are not Gross Proceeds of the issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of funds deposited in the fund or account.

“Conduit Financing Issue” means an issue the Proceeds of which are reasonably expected to be used to finance one or more Conduit Loans.

“Construction Issue” means an issue at least 75% of the Available Construction Proceeds of which are to be used for Construction Expenditures with respect to property that is, or upon completion will be, owned by a Governmental Unit or a 501(c)(3) Organization. If an issue is a Multipurpose Issue that includes a New Money Portion, this definition shall be applied by substituting “New Money Portion” for “Construction Issue” each place the latter term appears. If an election under Section 148(f)(4)(C)(v) and Regulations §1.148-7(j) is made to bifurcate an issue or the New Money Portion of a Multipurpose Issue, this definition shall be applied by substituting “Construction Portion” for “Construction Issue” each place the latter term appears.

“Construction Portion” means that portion of an issue or the New Money Portion of a Multipurpose Issue at least 75% of the Available Construction Proceeds of which are to be used for Construction Expenditures with respect to property that is, or upon completion will be, owned by a Governmental Unit or a 501(c)(3) Organization and that finances 100% of the Construction Expenditures.

(f) Transferred Proceeds allocable to expenditures for the governmental purpose of the Prior Issue (treating for this purpose all unspent Proceeds of the Prior Issue properly allocable to the Refunded Bonds as of the Issuance Date of the Advance Refunding Issue as Transferred Proceeds); (g) interest on purpose investments; (h) Replacement Proceeds in a sinking fund for the Advance Refunding Issue; and (i) fees for a Qualified Guarantee for the Advance Refunding Issue or the Prior Issue. If an Issue is a Multipurpose Issue that includes an Advance Refunding Portion, this definition shall be applied by substituting “Advance Refunding Portion” for “Advance Refunding Issue” each place the latter term appears.

“Higher Yielding Investments” means any Investment Property that produces a Yield that (a) in the case of Investment Property allocable to Replacement Proceeds of an issue and Investment Property in a Refunding Escrow, is more than one thousandth of one percentage point (.00001) higher than the Yield on the applicable issue, and (b) for all other purposes is more than one-eighth of one percentage point (.00125) higher than the Yield on the issue.

“Tax-Exempt Organization” means a Governmental Unit or a 501(c)(3) Organization.

provided for under Section 148, including variations from the foregoing. The Yield on Investment Property in which Proceeds or Replacement Proceeds of an issue are invested is computed on a basis consistent with the computation of Yield on that issue, including the same compounding interval of not more than one year selected by the Issuer.

“Yield Period” means, in the case of the first Yield Period, the period that commences on the Issuance Date and ends at the close of business on the first Computation Date and, in the case of each succeeding Yield Period, the period that begins immediately after the end of the immediately preceding Yield Period and ends at the close of business on the next succeeding Computation Date.

The terms “bond”, “obligation”, “reasonably required reserve or replacement fund”, “reserve or replacement fund”, “loan”, “sinking fund”, “purpose investment”, “same plan of financing”, “other replacement proceeds”, and other terms relating to Code provisions used but not defined in this Certificate shall have the meanings given to them for purposes of Sections 103 and 141 to 150 unless the context indicates another meaning.

INSTRUCTIONS FOR COMPLIANCE WITH REBATE
REQUIREMENTS OF SECTION 148(f) OF THE CODE.

The Issuer covenanted in the Loan Agreement and Tax Compliance Certificate to comply with the arbitrage rebate requirement of Section 148(f) of the Code. These Instructions provide guidance for that compliance, including the spending exceptions that free the Issue from all or part of the rebate requirements.

PART I: GENERAL

SECTION 1.01. REBATE GENERALLY.

The Rebate Amount¹ with respect to the Issue must be paid (rebated) to the United States to prevent the bonds of the Issue from being arbitrage bonds, the interest on which is subject to federal income tax. In general, the Rebate Amount is the amount by which the actual earnings on Nonpurpose Investments purchased (or deemed to have been purchased) with Gross Proceeds of the Issue exceed the amount of earnings that would have been received if those Nonpurpose Investments had a Yield equal to the Yield on the Issue.²

Stated differently, the Rebate Amount for the Issue as of any date is the excess of the Future Value, as of that date, of all Receipts on Nonpurpose Investments over the Future Value, as of that date, of all Payments on Nonpurpose Investments, computed using the Yield on the Issue as the Future Value rate.³

If the Issue is a Fixed Yield Issue, the Yield on the Issue generally is the Yield to maturity, taking into account mandatory redemptions prior to maturity. If the Issue is a Variable Yield Issue, the Yield on the Issue is computed separately for each Yield Period selected by the Issuer.

SECTION 1.02. SPECIAL DEFINITIONS.

-
1. Capitalized terms that are not defined in these Instructions are defined in Attachment A to the Tax Compliance Certificate of the Issuer.
 2. Amounts earned on the Bona Fide Debt Service Fund for the Issue are not taken into account in determining the Rebate Amount since none of the obligations of the Issue are Private Activity Bonds, the rates of interest on the Issue do not vary and the average maturity of the Issue is at least 5 years.
 3. The scope of these Instructions does not permit a detailed description of the computation of the Rebate Amount with respect to the Issue. If you need assistance in computing the Rebate Amount on the Issue, please contact your bond counsel.

For purposes of these Instructions, the following terms shall have the following meanings.

“Available Construction Proceeds” means an amount equal to (a) the sum of (i) the Issue Price of the issue, (ii) Investment Proceeds on that Issue Price, (iii) earnings on any reasonably required reserve or replacement fund allocated to the issue not funded from the Issue Price, and (iv) Investment Proceeds and earnings on (ii) and (iii), (b) reduced by the portions, if any, of the Issue Price of the issue (i) attributable to Pre-Issuance Accrued Interest and earnings thereon, (ii) allocated to the Underwriter’s discount, (iii) used to pay other Issuance Costs of the issue, and (iv) deposited in a reasonably required reserve or replacement fund allocated to the issue. Available Construction Proceeds do not include Investment Proceeds or earnings on a reasonably required reserve or replacement fund allocated to the issue for any period after the earlier of (a) the close of the 2-year period that begins on the Issuance Date or (b) the date the construction of the Projects financed by the issue is substantially completed. If the issue consists of a New Money Portion and a Refunding Portion and the New Money Portion is a Construction Issue, this definition shall be applied by substituting “New Money Portion” for “issue” each place the latter term appears. If the issue or the New Money Portion, as applicable, is not a Construction Issue, and the Issuer makes the election under Regulations §1.148-7(j)(1) and Section 148(f)(4)(C)(v) to treat the issue or the New Money Portion as two separate issues consisting of the Construction Portion and the Nonconstruction Portion, this definition shall be applied by substituting “Construction Portion” for “issue” each place the latter term appears.

“Bifurcated Issue” means a New Money Issue or the New Money Portion of a Multipurpose Issue that the Issuer, pursuant to Section 148(f)(4)(C)(v) and Regulations §1.148-7(j), has elected in its Tax Compliance Certificate to bifurcate into a Construction Portion and a Nonconstruction Portion.

“Bond Counsel’s Opinion” means an opinion or opinions of a nationally recognized bond counsel firm whose opinion is given with respect to the Issue when issued, or its successors or other nationally recognized bond counsel appointed by the Issuer.

“Bond Year” means the annual period relevant to the application of Section 148(f) to the issue, except that the first and last Bond Years may be less than 12 months long. The last day of a Bond Year shall be the close of business on the day preceding the anniversary of the Issuance Date of the issue unless the Issuer selects another date on which to end a Bond Year in the manner permitted by the Code.

“Computation Date” means each date on which the Rebate Amount for an issue is required to be computed under Regulations §1.148-3(e). In the case of a Fixed Yield Issue, the first Computation Date shall not be later than 5 years after the Issuance Date of the issue. Subsequent Computation Dates shall be not later than 5 years after the immediately preceding Computation Date for which an installment payment of the Rebate Amount was paid. In the case of a Variable Yield Issue, the first Computation Date shall be the last day of any Bond Year irrevocably selected by the Issuer ending on or before the fifth anniversary of the Issuance Date of such issue and subsequent Computation Dates shall be the last day of each Bond Year thereafter or each fifth Bond Year

thereafter, whichever is irrevocably selected by the Issuer after the first date on which any portion of the Rebate Amount is required to be paid to the United States. The final Computation Date is the date an issue is retired.

“Construction Expenditures” means Capital Expenditures allocable to the cost of real property (including the construction or making of improvements to real property, but excluding acquisitions of interests in land or other existing real property) or constructed personal property within the meaning of Regulations §1.148-7(g).

“Construction Issue” means an issue at least 75 percent of the Available Construction Proceeds of which are to be used for Construction Expenditures with respect to property which is or is to be owned by a Governmental Unit or a 501(c)(3) Organization. If an election has been made in the Issuer’s Tax Compliance Certificate to bifurcate an issue or the New Money Portion, the Construction Portion (i.e., that portion of the issue or the New Money Portion which satisfies the 75 percent test stated in the preceding sentence and which finances 100% of the Construction Expenditures) is treated as the Construction Issue and the balance of the issue or the New Money Portion is treated as the Nonconstruction Portion.

“Fixed Yield Issue” means an issue of obligations the Yield on which is fixed and determinable on the Issuance Date.

“Future Value” means the value of a Payment or Receipt at the end of a period determined using the economic accrual method as the value of that Payment or Receipt when it is paid or received (or treated as paid or received), plus interest assumed to be earned and compounded over the period at a rate equal to the Yield on the Issue, using the same compounding interval and financial conventions that were used to compute that Yield.

“Guaranteed Investment Contract” means any Nonpurpose Investment that has specifically negotiated withdrawal or retirement provisions and a specifically negotiated interest rate and any agreement to supply investments on two or more future dates (e.g., a forward supply contract).

“Multipurpose Issue” means an issue that consists of a Refunding Portion and a New Money Portion.

“Payment” means payments actually or constructively made to acquire Nonpurpose Investments, as specified in Regulations §1.148-3(d)(1)i) through (v).

“Qualified Administrative Costs” means the reasonable, direct administrative costs, other than carrying costs, of purchasing or selling Nonpurpose Investments such as separately stated brokerage or selling commissions. Qualified Administrative Costs do not include legal and accounting fees, recordkeeping, custody, and similar costs, general overhead costs and similar indirect costs of the Issuer such as employee salaries and office expenses and costs associated with computing the Rebate Amount. In general, Qualified Administrative Costs are not reasonable unless they are comparable to administrative costs that would be charged for the same investment or a reasonably comparable investment if acquired with a source of funds other than Gross Proceeds of Tax-Exempt Obligations.

“Reasonable Retainage” means an amount, not to exceed 5% of the Net Sale Proceeds of the Issue, that is retained for reasonable business purposes relating to the property financed with Proceeds of the Issue. For example, Reasonable Retainage may include a retention to ensure or promote compliance with a construction contract in circumstances in which the retained amount is not yet payable, or in which the Issuer reasonably determines that a dispute exists regarding completion or payment.

“Rebate Analyst” means an independent individual, firm or entity experienced in the computation of the Rebate Amount pursuant to Section 148(f) of the Code.

“Receipt” means amounts actually or constructively received from Nonpurpose Investments as specified in Regulations §1.148-3(d)(2)(i) through (iii).

“Variable Yield Issue” means any issue that is not a Fixed Yield Issue.

“Yield Period” means, in the case of the first Yield Period, the period that commences on the Issuance Date and ends at the close of business on the first Computation Date and, in the case of each succeeding Yield Period, the period that begins immediately after the end of the immediately preceding Yield Period and ends at the close of business on the next succeeding Computation Date.

PART II: EXCEPTIONS TO REBATE

SECTION 2.01. SPENDING EXCEPTIONS.

The rebate requirements with respect to the Issue are deemed to have been satisfied if any one of three spending exceptions (the 6-Month, the 18-Month, or the 2-Year Spending Exception, collectively, the “Spending Exceptions”) is satisfied. The Spending Exceptions are each independent exceptions. The Issue need not meet the requirements of any other exception in order to use any one of the three exceptions. For example, a Construction Issue may qualify for the 6-Month Spending Exception or the 18-Month Spending Exception even though the Issuer makes one or more elections under the 2-Year Exception with respect to the Issue.

The following rules apply for purposes of all of the Spending Exceptions except as otherwise noted.

Refunding Issues. The only spending exception available for a Refunding Issue⁴ is the 6-Month Spending Exception.

Special Transferred Proceeds Rules. In applying the Spending Exceptions to a Refunding Issue, unspent Proceeds of the Prior Issue that become Transferred Proceeds of the Refunding Issue are ignored. If the Prior Issue satisfies one of the rebate Spending Exceptions, the

⁴ For purposes of these Instructions, references to “Refunding Issue” include the Refunding Portion of a Multipurpose Issue.

Proceeds of the Prior Issue that are excepted from rebate under that exception are not subject to rebate either as Proceeds of the Prior Issue or as Transferred Proceeds of the Refunding Issue.

However, if the Prior Issue does not satisfy any of the Spending Exceptions and is not otherwise exempt from rebate, the Transferred Proceeds from the Prior Issue will be subject to rebate, even if the Refunding Issue satisfies the 6-Month Spending Exception. The Rebate Amount will be calculated on the Transferred Proceeds on the basis of the Yield of the Prior Issue up to each transfer date and on the basis of the Yield of the Refunding Issue after each transfer date.

Application of Spending Exceptions to a Multipurpose Issue. If the Issue is a Multipurpose Issue, the Refunding Portion and the New Money Portion are treated for purposes of the rebate Spending Exceptions as separate issues. Thus, the Refunding Portion is eligible to use only the 6-Month Spending Exception. The New Money Portion is eligible to use any of the three Spending Exceptions.

Expenditures for Governmental Purposes of the Issue. Each of the spending exceptions requires that expenditures of Gross Proceeds be for the governmental purposes of the Issue. These purposes include payment of interest (but not principal) on the Issue.

SECTION 2.02. 6-MONTH SPENDING EXCEPTION.

The Issue will be treated as satisfying the rebate requirements if all of the Gross Proceeds of the Issue are allocated to expenditures for the governmental purposes of the Issue within the 6-month period beginning on the Issuance Date and the Rebate Amount, if any, with respect to earnings on amounts deposited in a reasonably required reserve or replacement fund or a Bona Fide Debt Service Fund if and to the extent that such Fund is subject to rebate (see footnote 3) is timely paid to the United States. If no bond of the Issue is a Private Activity Bond (other than a Qualified 501(c)(3) Bond) or a tax or revenue anticipation bond, the 6-month period is extended for an additional 6 months if the unexpended Gross Proceeds of the Issue at the end of the 6-month period do not exceed the lesser of 5% of the Proceeds of the Issue or \$100,000.

For purposes of the 6-Month Spending Exception, Gross Proceeds required to be spent within 6 months do not include amounts in a reasonably required reserve or replacement fund for the Issue or in a Bona Fide Debt Service Fund for the Issue.

SECTION 2.03. 18-MONTH SPENDING EXCEPTION.

The Issue (or the New Money Portion if the Issue is a Multipurpose Issue) is treated as satisfying the rebate requirement if the conditions set forth in (A), (B) and (C) are satisfied.

(A) All of the Gross Proceeds of the Issue (excluding amounts in a reasonably required reserve or replacement fund for the Issue or in a Bona Fide Debt Service Fund for the Issue) are allocated to expenditures for the governmental purposes of the Issue in accordance with the following schedule, measured from the Issuance Date:

- (1) at least 15% within 6 months;
- (2) at least 60% within 12 months; and
- (3) 100% within 18 months, subject to the Reasonable Retainage exception described below.

(B) The Rebate Amount, if any, with respect to earnings on amounts deposited in a reasonably required reserve or replacement fund or in a Bona Fide Debt Service Fund for the Issue, to the extent such Fund is subject to rebate (see footnote 3), is timely paid to the United States. And,

(C) The Gross Proceeds of the Issue qualify for the initial 3-year Temporary Period.

If the only unspent Gross Proceeds at the end of the 18th month are Reasonable Retainage, the requirement that 100% of the Gross Proceeds be spent by the end of the 18th month is treated as met if the Reasonable Retainage, and all earnings thereon, are spent for the governmental purposes of the Issue within 30 months of the Issuance Date.

For purposes of determining whether the spend-down requirements have been met as of the end of each of the first two spending periods, the amount of Investment Proceeds that the Issuer reasonably expects as of the Issuance Date to earn on the Sale Proceeds and Investment Proceeds of the Issue during the 18-month period are included in Gross Proceeds of the Issue. The final spend-down requirement includes actual Investment Proceeds for the entire 18 months.

The 18-Month Spending Exception does not apply to the Issue (or the New Money Portion, as applicable) if any portion of the Issue (or New Money Portion) is treated as meeting the rebate requirement under the 2-Year Spending Exception discussed below. This rule prohibits use of the 18-Month Spending Exception for the Nonconstruction Portion of a Bifurcated Issue. The only Spending Exception available for the Nonconstruction Portion of a Bifurcated Issue is the 6-Month Spending Exception.

SECTION 2.04. 2-YEAR SPENDING EXCEPTION FOR CERTAIN CONSTRUCTION ISSUES.

(A) In general. A Construction Issue no bond of which is a Private Activity Bond (other than a Qualified 501(c)(3) Bond or a Bond that finances property to be owned by a Governmental Unit or a 501(c)(3) Organization) is treated as satisfying the rebate requirement if the Available Construction Proceeds of the Issue are allocated to expenditures for the governmental purposes of the Issue in accordance with the following schedule, measured from the Issuance Date:

- (1) at least 10% within 6 months;
- (2) at least 45% within 1 year;
- (3) at least 75% within 18 months; and

- (4) 100% within 2 years, subject to the Reasonable Retainage exception described below.

Amounts in a Bona Fide Debt Service Fund or a reasonably required reserve or replacement fund for the Issue are not treated as Gross Proceeds for purposes of the expenditure requirements. However, unless the Issuer has elected otherwise in the Tax Compliance Certificate, earnings on amounts in a reasonably required reserve or replacement fund for the Issue are treated as Available Construction Funds during the 2-year period and therefore must be allocated to expenditures for the governmental purposes of the Issue.

If the Issuer elected in the Tax Compliance Certificate to exclude from Available Construction Proceeds the Investment Proceeds or earnings on a reasonably required reserve or replacement fund for the Issue during the 2-year spend-down period, the Rebate Amount, if any, with respect to such Investment Proceeds or earnings from the Issuance Date must be timely paid to the United States. If the election is not made, the Rebate Amount, if any, with respect to such Investment Proceeds or earnings after the earlier of the date construction is substantially completed or 2 years after the Issuance Date must be timely paid to the United States. The Rebate Amount, if any, with respect to earnings on amounts in a Bona Fide Debt Service Fund must be timely paid to the extent such Fund is subject to the rebate requirements (see footnote 3).

The Issue does not fail to satisfy the spending requirement for the fourth spend-down period (i.e., 100% within 2 years of the Issuance Date) if the only unspent Available Construction Proceeds are amounts for Reasonable Retainage if such amounts (together with all earnings on such amounts) are allocated to expenditures within 3 years of the Issuance Date.

For purposes of determining whether the spend-down requirements have been met as of the end of each of the first 3 spend-down periods, Available Construction Proceeds include the amount of Investment Proceeds or earnings that the Issuer reasonably expected as of the Issuance Date to earn during the 2-year period. For purposes of satisfying the final spend-down requirement, Available Construction Proceeds include actual Investment Proceeds or earnings from the Issuance Date through the end of the 2-year period.

Available Construction Proceeds do not include Gross Proceeds used to pay Issuance Costs financed by the Issue, but do include earnings on such Proceeds. Thus, an expenditure of Gross Proceeds to pay Issuance Costs does not count toward meeting the spend-down requirements, but expenditures of earnings on such Gross Proceeds to pay Issuance Costs do count.

(B) 1½% penalty in lieu of rebate for Construction Issues. If the Issuer elected in the Tax Compliance Certificate for a Construction Issue, or for the Construction Portion of a Bifurcated Issue, to pay a 1½% penalty in lieu of the Rebate Amount on Available Construction Proceeds in the event that the Construction Issue fails to satisfy any of the spend-down requirements, the 1½% penalty is calculated separately for each spend-down period, including each semi-annual period after the end of the fourth spend-down period until all Available Construction Proceeds have been spent. The penalty is equal to 0.015 times the underexpended Proceeds as of the end of the applicable spend-down period. The fact that no arbitrage is in fact earned during such spend-down period is not

relevant. The Rebate Amount with respect to Gross Proceeds other than Available Construction Proceeds (e.g., amounts in a reasonably required reserve or replacement fund or in a Bona Fide Debt Service Fund, to the extent subject to rebate (see footnote 3)) must be timely paid.

PART III: COMPUTATION AND PAYMENT.

SECTION 3.01. COMPUTATION AND PAYMENT OF REBATE AMOUNT.

If none of the Spending Exceptions described above is satisfied (and if the 1-1/2% penalty election for a Construction Issue or the Construction Portion of a Bifurcated Issue has not been made), then within 45 days after each Computation Date, the Issuer shall compute, or cause to be computed, the Rebate Amount as of such Computation Date. The first Computation Date is a date selected by the Issuer, but shall be not later than 5 years after the Issuance Date. Each subsequent Computation Date shall end 5 years after the previous Computation Date except that, in a Variable Yield Issue, the Issuer may select annual Yield Periods. The final Computation Date shall be the date the last obligation of the Issue matures or is finally discharged.

Within 60 days after each Computation Date (except the final Computation Date), the Issuer shall pay to the United States not less than 90% of the Rebate Amount, if any, computed as of such Computation Date. Within 60 days after the final Computation Date, the Issuer shall pay to the United States 100% of the Rebate Amount, if any, computed as of the final Computation Date. In computing the Rebate Amount, a computation credit of \$1,000 may be taken into account on the last day of each Bond Year to the Computation Date during which there are unspent Gross Proceeds that are subject to the rebate requirement, and on the final maturity date.

If the operative documents pertaining to the Issue establish a Rebate Fund and require the computation of the Rebate Amount at the end of each Bond Year, the Issuer shall calculate, or cause to be calculated, within 45 days after the end of each Bond Year the Rebate Amount, taking into account the computation credit of \$1,000 for each Bond Year. Within 50 days after the end of each Bond Year, if the Rebate Amount is positive, the Issuer shall deposit in the Rebate Fund such amount as will cause the amount on deposit therein to equal the Rebate Amount, and may withdraw any amount on deposit in the Rebate Fund in excess of the Rebate Amount. Payments of the Rebate Amount to the Internal Revenue Service on a Computation Date shall be made first from amounts on deposit in the Rebate Fund and second from other amounts specified in the operative documents.

Each payment of the Rebate Amount or portion thereof shall be payable to the Internal Revenue Service and shall be made to the Internal Revenue Service Center, Ogden, UT 84201 by certified mail. Each payment shall be accompanied by Internal Revenue Service Form 8038-T and any other form or forms required to be submitted with such remittance.

SECTION 3.02. BOOKS AND RECORDS.

(A) The Issuer or Trustee, as applicable, shall keep proper books of record and accounts containing complete and correct entries of all transactions relating to the receipt, investment, disbursement, allocation and application of the Gross Proceeds of the Issue. Such records shall specify the account or fund to which each Nonpurpose Investment (or portion thereof) held by the Issuer or Trustee is to be allocated and shall set forth as to each Nonpurpose Investment (1) its purchase price, (2) identifying information, including par amount, interest rate, and payments dates, (3) the amount received at maturity or its sales price, as the case may be, including accrued interest, (4) the amounts and dates of any payments made with respect thereto, and (5) the dates of acquisition and disposition or maturity.

The Issuer, Trustee, or Rebate Analyst, as applicable, shall retain the records of all calculations and payments of the Rebate Amount until six years after the retirement of the last obligation that is a part of the Issue.

SECTION 3.03. FAIR MARKET VALUE.

No Nonpurpose Investment shall be acquired for an amount in excess of its fair market value. No Nonpurpose Investment shall be sold or otherwise disposed of for an amount less than its fair market value.

The fair market value of any Nonpurpose Investment shall be the price at which a willing buyer would purchase the Nonpurpose Investment from a willing seller in an arms-length transaction. Fair market value generally is determined on the date on which a contract to purchase or sell the Nonpurpose Investment becomes binding (i.e., the trade date rather than the settlement date). Except as otherwise provided in this Section, a Nonpurpose Investment that is not of a type traded on an established securities market (within the meaning of Section 1273 of the Code) is rebuttably presumed to be acquired or disposed of for a price that is not equal to its fair market value.

(A) Obligations purchased directly from the Treasury. The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

(B) Safe harbor for Guaranteed Investment Contracts. The purchase price of a Guaranteed Investment Contract shall be treated as its fair market value on the purchase date if all the following conditions are met:

(1) The Issuer or broker makes a bona fide solicitation for a specified Guaranteed Investment Contract and receives at least three bona fide bids from reasonably competitive providers (of Guaranteed Investment Contracts) that have no material financial interest in the Issue.

(2) The Issuer purchases the highest-yielding Guaranteed Investment Contract for which a qualifying bid is made (determined net of broker's fees);

(3) The Yield on the Guaranteed Investment Contract (determined net of broker's fees) is not less than the Yield then available from the provider on reasonably comparable Guaranteed Investment Contracts, if any, offered to other persons from a source of funds other than Gross Proceeds of Tax-Exempt Obligations;

(4) The determination of the terms of the Guaranteed Investment Contract takes into account as a significant factor the Issuer's reasonably expected drawdown schedule for the amounts to be invested, exclusive of amounts deposited in a Bona Fide Debt Service Fund and a reasonably required reserve or replacement fund;

(5) The terms of the Guaranteed Investment Contract, including collateral security requirements, are reasonable; and

(6) The obligor on the Guaranteed Investment Contract certifies the administrative costs that it is paying (or expects to pay) to third parties in connection with the Guaranteed Investment Contract.

(C) Safe harbor for certificates of deposit. The purchase price of a certificate of deposit shall be treated as its fair market value on the purchase date if all of the following requirements are met:

(1) The certificate of deposit has a fixed interest rate, a fixed payment schedule, and a substantial penalty for early withdrawal; and

(2) The Yield on the certificate of deposit is not less than (a) the Yield on reasonably comparable direct obligations of the United States, or (b) the highest Yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public.

Certificates evidencing the foregoing requirements should be obtained before purchasing any Guaranteed Investment Contract or certificate of deposit.

SECTION 3.04. CONSTRUCTIVE SALE/PURCHASE.

(A) Nonpurpose Investments that are held by the Issuer or Trustee as of any Computation Date (or Bond Year if the computations are required to be done annually) shall be treated for purposes of computing the Rebate Amount as of such date as having been sold for their fair market value as of such date. Investment Property which becomes allocated to Gross Proceeds of the Issue on a date after such Investment Property has actually been purchased shall be treated for purposes of the rebate requirements as having been purchased by the Issuer on such date of allocation at its fair market value on such date.

- (B) For purposes of constructive or deemed sales or purchases of Investment Property (other than Investment Property in the Escrow Fund or that is otherwise not invested for a Temporary Period or is not part of a reasonably required reserve or replacement fund for the Issue) must be valued at its fair market value on the date of constructive or deemed sale or purchase
- (C) Except as set forth in (B), fixed rate Investment Property that is (1) issued with not more than 2% of original issue discount or original issue premium, (2) issued with original issue premium that is attributable exclusively to reasonable underwriters' compensation or (3) acquired with not more than 2% of market discount or market premium, may be treated as having a fair market value equal to its outstanding stated principal amount, plus accrued interest. Fixed rate Investment Property also may be treated as having a fair market value equal to its present value.

SECTION 3.05. ADMINISTRATIVE COSTS.

- (A) Administrative costs shall not be taken into account in determining the payments for or receipts from a Nonpurpose Investment unless such administrative costs are Qualified Administrative Costs. Thus, administrative costs or expenses paid, directly or indirectly, to purchase, carry, sell, or retire Nonpurpose Investments generally do not increase the Payments for, or reduce the Receipts from, Nonpurpose Investments.
- (B) Qualified Administrative Costs are taken into account in determining the Payments and Receipts on Nonpurpose Investments and thus increase the Payments for, or decrease the Receipts from, Nonpurpose Investments. In the case of a Guaranteed Investment Contract, a broker's commission or similar fee paid on behalf of either the Issuer or the provider is an administrative cost that is not a Qualified Administrative Cost to the extent that the present value (computed using the taxable discount rate used by the parties to compute the commission or, if not readily ascertainable, a reasonable taxable discount rate) of the commission, as of the date the contract is purchased, exceeds the present value of annual payments equal to 0.05 percent of the weighted average amount reasonably expected to be invested each year during the term of such contract.

PART IV: COMPLIANCE AND AMENDMENT

SECTION 4.01. COMPLIANCE.

The Issuer, Trustee or Rebate Analyst, as applicable, shall take all necessary steps to comply with the requirements of these Instructions in order to ensure that interest on the Issue is excluded from gross income for federal income tax purposes under Section 103(a) of the Code. However, compliance shall not be required in the event and to the extent stated therein the Issuer and the Trustee receive a Bond Counsel's Opinion that either (A) compliance with such requirement is not required to maintain the exclusion from gross income for federal income tax purposes of interest on the Issue, or (B) compliance with some other requirement in lieu of such requirement will comply with Section 148(f) of the Code, in which case compliance with the other requirement specified in the Bond Counsel's Opinion shall constitute compliance with such requirement.

SECTION 4.02. LIABILITY.

If for any reason any requirement of these Instructions is not complied with, the Issuer and the Trustee, if applicable, shall take all necessary and desirable steps to correct such noncompliance within a reasonable period of time after such noncompliance is discovered or should have been discovered with the exercise of reasonable diligence. The Trustee shall have no duty or responsibility to independently verify any of the Issuer's, or the Rebate Analyst's, calculations with respect to the payments of the Rebate Amount due and owing to the United States. Under no circumstances whatsoever shall the Trustee be liable to the Issuer, any bondholder or any other person for any inclusion of the interest on the Issue in gross income for federal income tax purposes, or any claims, demands, damages, liabilities, losses, costs or expenses resulting therefrom or in any way connected therewith, so long as the Trustee acts only in accordance with these Instructions and the operative documents pertaining to the Issue.

This document sets forth Standard Terms and Conditions applicable to the Loan made by the WATER INFRASTRUCTURE FINANCE AUTHORITY OF ARIZONA (the “*Authority*”) to the Local Borrower. These Standard Terms and Conditions are a part of the Loan Agreement to which this document is attached. Certain terms used herein are defined in Article 8.

Article 1 Covenants of the Local Borrower Relating to the System and the Project.

Section 1.1 **Operation and Maintenance of System.** The Local Borrower covenants and agrees that it shall, in accordance with prudent utility practice, (a) at all times operate the properties of the System and any business in connection therewith in an efficient manner, (b) maintain the System in good repair, working order and operating condition, and (c) from time to time make all necessary and proper repairs, renewals, replacements, additions, betterments and improvements with respect to the System so that at all times the operations carried on in connection therewith shall be properly and advantageously conducted from revenues of the System or, if the Local Borrower so elects, from any other source of funds lawfully available.

Section 1.2 **Additions and Modifications.** The Local Borrower may make any additions, renewals, replacements, modifications or improvements to the System which it deems desirable and which do not materially reduce the operational integrity of any part of the System. All such renewals, replacements, additions, modifications and improvements shall become a part of the System.

Section 1.3 **Disposition of Project and System.**

(a) The Local Borrower shall not sell, lease, abandon or otherwise dispose of all or substantially all or any substantial portion of the Project or the System except upon compliance with the provisions of this Section; provided, however that the requirements of this Section shall not apply to transactions which are capital leases within the meaning of generally accepted accounting principles to finance expansion or improvement of the System and under which the Local Borrower maintains a purchaser’s interest or other beneficial ownership, use, possession and control of the System so long as no default exists.

(b) The Local Borrower may sell, lease, abandon or otherwise dispose of all or substantially all or any substantial portion of the Project or the System if the Local Borrower shall give at least ninety (90) days’ prior written notice to the Authority of the proposed transaction, and the Authority gives its written consent which shall not be unreasonably withheld. The Local Borrower understands that the Authority, in determining whether or not to give its consent, must determine that the proposed transaction will not adversely affect the Authority’s ability to meet its duties, covenants, obligations and agreements or conditions of any grant received by the Authority or the State from the United States of America, which is related to the Capital Grant Facility or any capitalization grants received by the Authority or the State under the Federal Water Pollution Control Act, as amended, and the Federal Safe Drinking Water Act, as amended.

(c) Notwithstanding the provisions of subsection (b) above, the Local Borrower may sell, lease or otherwise dispose of, any of the property comprising part of the System without prior notice to or the consent of the Authority, other than the Project, in either of the following circumstances:

- (i) If the Local Borrower determines that such property is not necessary, useful or profitable to the operation of the System; or
- (ii) If the value of such property sold, leased or otherwise disposed of in any one year is equal to not more than 5% of the value of the fixed assets of the System.

Section 1.4 **Cost of Project.** The Local Borrower certifies that the estimated Eligible Project Costs as listed in Section 1 of Exhibit B is a reasonable and accurate estimation of the Eligible Project Costs and, upon the direction of the Authority the Local Borrower will supply the Authority with a certificate from its engineer stating that such estimated Eligible Project Costs is a reasonable and accurate estimation.

Article 2 Additional Covenants of the Local Borrower

Section 2.1 **Unconditional Obligations.** The obligation of the Local Borrower to make the Loan Repayments and the obligation to perform and observe the other duties, covenants, obligations and agreements on its part described herein are payable solely from the Source of Repayment described in this Loan Agreement and shall be absolute and unconditional and shall not be abated, rebated, set-off, reduced, abrogated, terminated, waived, diminished, postponed or otherwise modified in any manner or to any extent whatsoever, while any payments hereunder remain unpaid, regardless of any contingency, act of God, event or cause whatsoever, including (without limitation) any acts or circumstances that may constitute failure of consideration, eviction or constructive eviction, the taking by eminent domain or destruction of or damage to the Project or the System, commercial frustration of the purpose, any change in the laws of the United States of America or of the State or any political subdivision of either or in the rules or regulations of any governmental authority, any failure of the Authority to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with the Project or this Loan Agreement, or any rights of set-off, recoupment, abatement or counterclaim that the Local Borrower might otherwise have against the Authority or any other party or parties; provided, however, that payments under this Loan Agreement shall not constitute a waiver of any such rights. The Local Borrower shall not be obligated to make any payments required to be made by any other local borrowers under separate loan agreements or local borrower bonds. Notwithstanding any other provision of this Section 2.1, or this Loan Agreement, neither the Authority, nor any assignee of the Authority shall have the right or ability to compel the repayment of this Loan Agreement from any source other than the Source of Repayment.

Section 2.2 **Performance Under Loan Agreement.** The Local Borrower covenants and agrees (a) to maintain the System in good repair and operating condition; (b) to cooperate with the Authority to the extent it may lawfully do so, in the observance and performance of the respective duties, covenants, obligations and agreements of such Local Borrower and the Authority under this Loan Agreement; and (c) to comply with the covenants set forth in this Loan Agreement.

Section 2.3 **Disclaimer of Warranties.** The Local Borrower acknowledges and agrees that (i) the Authority makes no warranty or representation, either express or implied as to the value, design, condition, merchantability or fitness for particular purpose or fitness for any use of the System or the Project or any portions thereof or any other warranty or representation with respect thereto; (ii) in no event shall the Authority or its respective agents be liable or responsible for any direct, incidental, indirect, special or consequential damages in connection with or arising out of this Loan Agreement or the Project or the existence, furnishing, functioning or use of the System or the Project; and (iii) are not intended to and shall not be construed as a waiver of any defense or limitation on damages provided for under and pursuant to the laws of the United States or of the State.

Section 2.4 **Loan Repayments; Prepayments; Providing for Payment of the Loan.**

(a) Loan Repayments.

(i) The Local Borrower shall pay to the Authority the amounts set forth in the Loan Repayment Schedule contained in Exhibit A on or before the due dates shown in Exhibit A.

(ii) Each payment made as a Loan Repayment as described in subsection (i) shall be applied first to the combined interest and fee payment then due and payable on the Loan and then to the principal amount of the Loan.

(iii) In addition to the other payments required by this Section, the Local Borrower shall pay a late charge for any payment that is received by the Authority later than the tenth day following its due date, in an amount equal to six percent per annum of the amount of the late payment from its due date to the date it is actually paid; provided, however, that the combined interest and fee rate payable on the Loan including such late charge shall not be in excess of the maximum rate permitted by law or any proceedings or resolution authorizing the execution of this Loan Agreement.

(iv) Upon the final disbursement, if the Loan amount is less than the estimated Eligible Project Costs, the amount of each Principal Installment due as set forth in the Loan Repayment Schedule contained in Exhibit A shall be

adjusted to achieve substantially level debt service, and the Authority shall compute the adjusted combined interest and fee amounts to reflect the adjusted principal amounts and shall enter the results in a revised Loan Repayment Schedule delivered to the Local Borrower.

(b) Prepayments. The Loan is not subject to prepayment prior to the tenth anniversary of the final loan draw. The Local Borrower may prepay the Principal Repayment Amount of the Loan in whole or in part in advance of the due dates on or after the tenth anniversary of the final loan draw without penalty upon written notice delivered to the Authority at least 60 days prior to the prepayment date. If the Local Borrower prepays the Repayment Principal Amount in part, the amount of each Principal Installment due as set forth in the Loan Repayment Schedule contained in Exhibit A shall be adjusted to achieve substantially level debt service. Upon such adjustment, the Authority shall compute the adjusted combined interest and fees amounts to reflect the adjusted principal amounts and shall enter the results in the Loan Repayment Schedule with notice to the Local Borrower.

(c) Providing for Payment of the Loan. The Local Borrower may at any time provide for the payment and discharge of the Loan, as provided in this subsection. The Loan shall be deemed to have been paid and discharged if:

(i) the Local Borrower has delivered to the Authority proof satisfactory to the Authority that the Local Borrower has deposited with a financial institution acceptable to the Authority, in trust for and irrevocably committed to payments on the Loan, cash or non-callable direct obligations of the United States of America (including obligations issued or held in book entry form on the books of the Department of Treasury of the United States of America) and obligations of any agency or instrumentality of the United States of America the timely payment of the principal of and interest on which are unconditionally guaranteed by the United States of America, which are of such maturities and interest payment dates, and bear such interest, as will be sufficient together with any moneys also deposited, without further investment or reinvestment of either the principal amount or the interest earnings (which earnings are to be held likewise in trust and so committed), to pay all the amounts due under the Loan, as set forth in the Loan Repayment Schedule contained in Exhibit A, as evidenced in a report of an independent firm of nationally recognized certified public accountants addressed to and delivered to the Authority; and

(ii) the Authority has received a bond counsel opinion (as described in Section 6.2(b) and (c) below) to the effect that the deposit of funds and the investment of such deposit, as described in the preceding paragraph, will not, by itself, adversely affect the exclusion from gross income of interest on the Loan or any Authority Bonds for federal income tax purposes.

Section 2.5 **Source of Repayment of Local Borrower's Obligations and Pledge.** The Local Borrower irrevocably pledges the Source of Repayment described in this Loan Agreement for the punctual payment of all amounts due under the Loan Agreement. The Authority and the Local Borrower agree that the amounts payable by the Local Borrower under this Loan Agreement are payable solely from the Source of Repayment described in this Loan Agreement and are not payable from any other source whatsoever, unless the Local Borrower chooses to pay, and pays, any amount due hereunder from any other source lawfully available to it.

Section 2.6 **Insurance.** The Local Borrower shall maintain or cause to be maintained in force, insurance policies with responsible insurers or self-insurance programs or through membership in a risk retention pool, including, but not limited to, the Arizona Municipal Risk Retention Pool (in accordance with the Local Borrower's customary practices) providing against risk of direct physical loss, damage or destruction of the Project and the System, at least to the extent that similar insurance is usually carried by utilities constructing, operating and maintaining system facilities of the nature of the System, including liability coverage, all to the extent available at reasonable cost.

Section 2.7 **No Liens.** Except for:

(a) the debt service on any future bonds, notes or other evidence of indebtedness of the Local Borrower issued or contractual obligations incurred in accordance with this Loan Agreement payable from the funds pledged to the payment of this Loan Agreement which are on parity with the lien and charge on the funds so pledged to pay this Loan Agreement and

(b) as provided in Exhibit D of this Loan Agreement, the debt service on currently outstanding bonds, notes or evidences of indebtedness or contractual obligations of the Local Borrower, if any, payable from the Source of Repayment described in Exhibit D of this Loan Agreement which the Local Borrower has disclosed to the Authority in writing,

the funds so pledged as described in this Loan Agreement after the payment of all costs of operating and maintaining the System, are and will be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto which are prior to, or of equal rank with, the obligation of the Local Borrower to pay this Loan Agreement, and all corporate or other action on the part of the Local Borrower to that end has been and will be duly and validly taken.

Section 2.8 **Disadvantaged Business Enterprises**. As applicable, the Local Borrower shall comply with 40 C.F.R. Part 33¹ including but not limited to:

Local Borrowers and their prime contractors must follow, document, and maintain documentation of their good faith efforts as listed below to ensure that Disadvantage Business Enterprises (DBEs) have the opportunity to participate in the project by increasing DBE awareness of procurement efforts and outreach.

(a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities; including placing DBEs on solicitation lists and soliciting them whenever they are potential sources.

(b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitation for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.

(c) Consider in the contracting process whether firms competing for large contracts could be subcontracted with DBEs. This will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.

(d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.

(e) Use the services and assistance of the Small Business Administration and the Minority Business Development Agency of the U. S. Department of Commerce.

(f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in sections (a) through (e) above.

These conditions must be included in all procurement contracts entered into by the Local Borrower for all DWRP and CWRP projects:

(a) The prime contractor must pay its subcontractor for satisfactory performance no more than 30 days from the prime contractor's receipt of payment from the owner.

(b) The prime contractor must notify the owner in writing prior to the termination of any Disadvantage Business Enterprise subcontractor for convenience by the prime contractor.

(c) If a Disadvantage Business Enterprise contractor fails to complete work under the subcontract for any reason, the prime contractor must employ the six good faith efforts if soliciting a replacement contractor.

¹ See Article 9 for a full list of applicable federal laws and authorities relating to Participation by Disadvantaged Business Enterprises in Procurement Under Environmental Protection Agency (EPA) Financial Assistance Agreements.

(d) The prime contractor must continue to employ the six good faith efforts even if the prime contractor has achieved its fair share objectives.

(e) The prime contractor must provide EPA Form 6100-2 DBE Program Subcontractor Participation Form to all of its Disadvantaged Business Enterprise subcontractors. Disadvantaged Business Enterprise subcontractors may send completed Form 6100-2 directly to the Region 9 DBE Coordinator listed below.

Joe Ochab, EPA Region 9, 75 Hawthorne St. (P-22), San Francisco, CA 94105

(f) The prime contractor must have its Disadvantaged Business Enterprise subcontractors complete EPA Form 6100-3 – DBE Program Subcontractor Performance Form. The prime contractor must include all completed forms as part of the prime contractor’s bid or proposal package to the Local Borrower.

(g) The prime contractor must complete and submit EPA 6100-4 DBE Program Subcontractor Utilization Form as part of the prime contractor’s bid or proposal package to the Local Borrower.

(h) A Local Borrower must ensure that each procurement contract it awards contains the following terms and conditions:

The contractor shall not discriminate on the basis of race, color, national origin or sex in the performance of this contract. The contractor shall carry out applicable requirements of 40 CFR Part 33 in the award and administration of contracts awarded under EPA financial assistance agreements. Failure by the contractor to carry out these requirements is a material breach of this contract which may result in the termination of this contract or other legally available remedies.

Article 3 Representations of Local Borrower

The Local Borrower represents for the benefit of the Authority that the representations contained in this Loan Agreement are true at the time of execution and delivery of this Loan Agreement and, other than with respect to events outside of Local Borrower’s control, will be true in all material respects at all times during the term of this Loan Agreement.

Section 3.1 **Organization and Authority.**

(a) The Local Borrower is a Political Subdivision or Indian Tribe as defined in the Authority Act.

(b) The Local Borrower has full legal right and authority and has, or will obtain as and when required, all necessary licenses and permits required to acquire, own, operate and maintain the Project and the System, to carry on its activities relating thereto, to execute and deliver this Loan Agreement, to undertake and complete the Project, to pledge the Source of Repayment, and to carry out and consummate all transactions contemplated by this Loan Agreement. The Project is a project which the Local Borrower may undertake pursuant to State law and for which the Local Borrower is authorized by law to borrow money.

(c) The proceedings of the Local Borrower’s governing body approving this Loan Agreement and authorizing its execution, issuance and delivery on behalf of the Local Borrower, and authorizing the Local Borrower to undertake and complete the Project have been duly and lawfully adopted in accordance with the laws of the State.

(d) This Loan Agreement has been duly authorized, executed and delivered by an Authorized Officer of the Local Borrower; and, assuming that the Authority has all the requisite power and authority to authorize, execute and deliver, and has duly authorized, executed and delivered this Loan Agreement, this Loan Agreement constitutes a legal and valid obligation of the Local Borrower enforceable in accordance with its terms, and the information contained under “Description of the Loan” in this Loan Agreement is true and accurate in all material respects.

Section 3.2 **Full Disclosure.**

(a) To the best of the Local Borrower's knowledge, there is no fact that the Local Borrower has not disclosed to the Authority in writing that materially adversely affects the properties, activities, prospects or condition (financial or otherwise) of the Local Borrower or the System, or the ability of the Local Borrower to make all Loan Repayments due hereunder and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement.

(b) The information relating to the Local Borrower (including without limitation the financial and statistical data contained therein) submitted to the Authority by the Local Borrower in connection with the Authority's approval of the Loan was at the time of the Authority's approval of the Loan and at all times subsequent thereto up to and including the Loan Closing, will be (if necessary by amendment provided by the Local Borrower) true and correct and will not contain an untrue statement of material fact or omit to state a material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading in any adverse respect. To the extent permitted by law, and notwithstanding any other provision of this Loan Agreement, the Local Borrower will indemnify, save and hold harmless the Authority, and each of the Authority's agents, for, from and against any and all claims, damages, liability and court awards including costs, expenses and reasonable attorneys' fees incurred as a result of any omission or misstatement of material fact in the information submitted to the Authority by the Local Borrower in connection with the Authority's approval of the Loan, as it may have been supplemented and amended by the Local Borrower.

Section 3.3 **Pending Litigation.** There are no proceedings pending, or to the knowledge of the Local Borrower, threatened, against or affecting the Local Borrower, in any court or before any governmental authority or arbitration board or tribunal that, if adversely determined, would materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the Local Borrower or the System, or the ability of the Local Borrower to make all Loan Repayments and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement that have not been disclosed in writing to the Authority in the Local Borrower's application for the Loan or otherwise.

Section 3.4 **Compliance with Existing Laws and Agreements.** The authorization, execution and delivery of this Loan Agreement by the Local Borrower, the observance and performance by the Local Borrower of its duties, covenants, obligations and agreements hereunder and the consummation of the transactions provided for in this Loan Agreement, the compliance by the Local Borrower with the provisions of this Loan Agreement and the undertaking and completion of the Project will not result in any breach of any of the terms, conditions or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any property or assets of the Local Borrower pursuant to any existing ordinance or resolution, trust agreement, indenture, mortgage, deed of trust, loan agreement or other instrument (other than the lien and charge of this Loan Agreement and any ordinance or resolution or indenture which authorized outstanding obligations of the Local Borrower which are on a parity with this Loan Agreement as to a lien on, or a source and security for, payment thereon from the source of payment that is pledged to the Loan Repayments) to which the Local Borrower is a party or by which the Local Borrower, the System or any of its property or assets may be bound, nor will such action result in any violation of the provisions of the charter or other document pursuant to which the Local Borrower was established or any laws, ordinances, resolutions, governmental rules, regulations or court orders to which the Local Borrower, the System or its properties or operations are subject.

Section 3.5 **No Defaults.** No event has occurred and no condition exists that, upon authorization, execution and delivery of this Loan Agreement or receipt of the amount of the Loan, would constitute an Event of Default hereunder. The Local Borrower is not in violation of, and has not received notice of any claimed violation of, any term of any agreement or other instrument to which it is a party or by which it may be bound, which violation would materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the Local Borrower or the ability of the Local Borrower to make all Loan Repayments or otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement.

Section 3.6 **Governmental Consent.** The Local Borrower has or will have obtained prior to the date of the Loan Closing all permits and approvals required to date by any governmental body or officer (and reasonably expects to receive all permits required in the future by any governmental agency) for the making, observance and performance

by the Local Borrower of its duties, obligations and agreements under this Loan Agreement or for the undertaking or completion of the Project and the financing thereof, and the Local Borrower has complied with all applicable provisions of law requiring any notification, declaration, filing or registration with any governmental body or officer in connection with the making, observance and performance by the Local Borrower of its duties, covenants, obligations and agreements under this Loan Agreement or with the undertaking or completion of the Project and the financing thereof; and the Local Borrower has complied with all applicable provisions of law requiring any notification, declaration, filing or registration with any governmental body or officer in connection with the making, observance and performance by the Local Borrower of its duties, covenants, obligations and agreements under this Loan Agreement or with the undertaking or completion of the Project and the financing thereof. No consent, approval or authorization of, or filing, registration or qualification with, any governmental body or officer, other than those already obtained or reasonably expected to be obtained, is required on the part of the Local Borrower as a condition to the authorization, execution and delivery of this Loan Agreement, the undertaking or completion of the Project or the consummation of any transaction herein contemplated.

Section 3.7 **Compliance with Law**. The Local Borrower:

- (a) is in compliance with all laws, ordinances, governmental rules and regulations to which it is subject and the failure to comply with which would materially adversely affect the ability of the Local Borrower to conduct its activities or undertake or complete the Project or the condition (financial or otherwise) of the Local Borrower or the System; and
- (b) has obtained, or will obtain as and when required, all licenses, permits, franchises or other governmental authorizations necessary for the ownership of its property or for the conduct of its activities which, if not obtained, would materially adversely affect the ability of the Local Borrower to undertake or complete the Project or the condition (financial or otherwise) of the Local Borrower or the System.

Article 4 Assignment

Section 4.1 **Assignment and Transfer by Authority**. The Local Borrower hereby approves and consents to any assignment or transfer of this Loan Agreement that the Authority deems to be necessary in connection with the Clean Water Revolving Fund and Drinking Water Revolving Fund programs of the Authority.

Section 4.2 **Assignment by Local Borrower**. This Loan Agreement may not be assigned by the Local Borrower for any reason, unless the following conditions shall be satisfied: (i) the assignee shall be a governmental unit within the meaning of Section 141(c) of the Code or another entity acceptable to the Authority and the assignee shall have expressly assumed in writing the full and faithful observance and performance of the Local Borrower's duties, covenants, agreements and obligations hereunder; (ii) immediately after such assignment, the assignee shall not be in default in the performance or observance of any duties, covenants, obligations or agreements of the Local Borrower hereunder; and (iii) the Authority shall receive an opinion of counsel to the effect that such assignment will not violate the provisions of any agreement entered into by the Authority with, or condition of any grant received by the Authority from the United States of America relating to the Capital Grant Facility or any capitalization grants received by the Authority or the State under the Federal Water Pollution Control Act and the Federal Safe Drinking Water Act.

No assignment shall relieve the Local Borrower from primary liability for any of its obligations under this Loan Agreement and in the event of such assignment, the Local Borrower shall continue to remain primarily liable for the performance and observance of its obligations to be performed and observed under this Loan Agreement.

Article 5 Defaults and Remedies

Section 5.1 **Events of Default**. If any of the following events occurs, it is hereby defined as and declared to be and to constitute an "*Event of Default*":

- (a) failure by the Local Borrower to pay, or cause to be paid, when due any Loan Repayment;
- (b) failure by the Local Borrower to make, or cause to be made, any required payments of principal, redemption premium, if any, and interest on any bonds, notes or other obligations of the Local Borrower for borrowed money

(other than the Loan), after giving effect to the applicable grace period, the payments of which are secured by the Source of Repayment described in this Loan Agreement;

(c) failure by the Local Borrower to perform any duty, covenant, obligation or agreement on its part to be observed or performed under this Loan Agreement, other than as referred to in paragraphs (a) and (b) of this Section, which failure shall continue for a period of thirty (30) days after written notice, specifying such failure and requesting that it be remedied, is given to the Local Borrower by the Authority, unless the Authority agrees in writing to an extension of such time prior to its expiration, provided, however, that if the failure stated in such notice is correctable but cannot be corrected within the applicable period the Authority may not unreasonably withhold its consent to an extension of such time if corrective action is instituted by the Local Borrower and diligently pursued until the Event of Default is corrected;

(d) the institution of any proceeding, with the acquiescence of the Local Borrower, for the purpose of effecting a composition between the Local Borrower and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are payable from the Source of Repayment described in this Loan Agreement;

(e) a determination by the Authority that any material representation made by or on behalf of the Local Borrower contained in this Loan Agreement, or in any instrument furnished in compliance with or with reference to this Loan Agreement, is false or misleading in any material respect; and

(f) the filing of a petition by or against the Local Borrower under any federal or state bankruptcy or insolvency law or other similar law in effect on the date of this Loan Agreement or thereafter enacted, unless in the case of any such petition filed against the Local Borrower such petition shall be dismissed within thirty (30) days after such filing and such dismissal shall be final and not subject to appeal; or the Local Borrower becoming insolvent or bankrupt or making an assignment for the benefit of its creditors; or the appointment of a custodian (including, without limitation, a receiver, liquidator or trustee of the Local Borrower or any of its property including the System) by court order, or possession of the Local Borrower or its property or assets is taken if such order remains in effect or such possession continues for more than thirty (30) days.

Section 5.2 **Notice of Default.** The Local Borrower shall give the Authority prompt telephone notice of the occurrence of any Event of Default referred to in Section 5.1 paragraph (c) hereof, and of the occurrence of any other event or condition that constitutes an Event of Default, at such time as any senior administrative or financial officer of the Local Borrower becomes aware of the existence thereof. Any telephone notice pursuant to this Section shall be confirmed in writing by the end of the next Business Day.

Section 5.3 **Remedies on Default.**

(a) Whenever an Event of Default referred to in Section 5.1 hereof shall have occurred and be continuing, the Authority shall have the right to take any action permitted or required pursuant to this Loan Agreement and to take whatever other action at law or in equity as may appear necessary or desirable to collect the amounts then due and thereafter to become due on their scheduled payment dates or to enforce the performance and observance of any duty, covenant, obligation or agreement of the Local Borrower hereunder, including, without limitation, appointment of a receiver of the System.

(b) Nothing in this Loan Agreement shall be construed to affect the Attorney General taking action to enforce this Loan Agreement in accordance with the Authority Act.

Section 5.4 **Attorney's Fees and Other Expenses.** In the event of a default hereunder by the Local Borrower, the Local Borrower shall on demand and to the extent not prohibited by applicable law pay to the Authority the reasonable fees and expenses of attorneys and other reasonable expenses (including without limitation the reasonably allocated costs of in-house counsel and legal staff) incurred by the Authority in the collection of Loan Repayments or any other sum due hereunder or in the enforcement of performance or observance of any other duties, covenants, obligations or agreements of the Local Borrower to the extent permitted by law.

Section 5.5 **Application of Moneys.** The parties acknowledge that: (a) all amounts coming due hereunder as Loan Repayments shall be treated as principal and combined interest and fees with respect to the Loan which amounts are secured by a pledge of the Source of Repayment in accordance with Exhibit D of this Loan Agreement; and (b) amounts coming due under Section 5.4 hereof shall be secured by the Source of Repayment on a basis subordinate to the Loan Repayments, but on a parity with comparable expenses relating to such Outstanding Parity Obligations and Additional Parity Obligations.

However, any moneys collected by the Authority pursuant to Section 5.3 in the exercise of remedies with respect to amounts due or to become due hereunder shall be applied: (a) first, to pay any attorney's fees or other fees and expenses owed by the Local Borrower pursuant to Section 5.4 hereof, (b) second, to pay delinquent combined interest fees and late charges on the Loan; (c) third, to pay combined interest and fees then due and payable on the Loan; (d) fourth, to pay delinquent principal on the Loan in order of scheduled maturity; (e) fifth, to pay principal then due and payable on the Loan; and (f) sixth, to pay any other amounts due and payable pursuant to this Loan Agreement.

Section 5.6 **No Remedy Exclusive; Waiver; Notice.** No remedy conferred upon or reserved to the Authority hereunder is intended to be exclusive, and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity. No delay or omission to exercise any right, remedy or power accruing upon any Event of Default shall impair any such right, remedy or power or shall be construed to be a waiver thereof, but any such right, remedy or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Authority to exercise any remedy reserved to it as described in this Article, it shall not be necessary to give any notice, other than such notice as may be required in this Article.

Section 5.7 **Retention of Authority's Rights.** Notwithstanding any assignment or transfer of this Agreement pursuant to the provisions hereof, or anything else to the contrary contained herein, the Authority shall have the right upon the occurrence of an Event of Default to take any action, including (without limitation) bringing an action against the Local Borrower at law or in equity, as the Authority may, in its discretion, deem necessary to enforce the obligations of the Local Borrower to the Authority.

Section 5.8 **Default by the Authority.** In the event of any default by the Authority in any duty, covenant, agreement or obligation described in this Agreement, the Local Borrower's remedy for such default shall be limited to injunction, special action, action for specific performance or any other available equitable remedy designed to enforce the performance or observance of any duty, covenant, obligation or agreement of the Authority described herein as may be necessary or appropriate. The Authority shall on demand pay to the Local Borrower the reasonable fees and expenses of attorneys and other reasonable expenses in the enforcement of such performance or observance.

Article 6 Provisions Applicable to Loans Financed by or Pledged to Secure Authority Bonds

Section 6.1 **General.** The Local Borrower acknowledges that the Authority is entering into this Loan Agreement and agreeing to make the Loan at this time for the benefit of the Local Borrower, and that the Authority may finance the Loan, along with other loans to other local borrowers, through the issuance of Authority Bonds and may pledge the Loan to secure Authority Bonds. If and for so long as the Authority's source of funds to make disbursements on, or to carry, the Loan represented by this Loan Agreement is, or becomes, the proceeds of Authority Bonds, or this Loan Agreement is assigned by the Authority as security for payment of amounts due or to become due on Authority Bonds, the Local Borrower agrees to cooperate with the Authority with respect to the issuance of Authority Bonds by furnishing and certifying information concerning the Local Borrower, the Project, the System and the Source of Repayment, and by agreeing to reasonable modifications and additions to this Loan Agreement necessary or convenient for the Authority Bond transaction. Without limiting the generality of the foregoing, the Local Borrower agrees that if the Authority at any time determines, in its discretion, that it is necessary in connection with the issuance of Authority Bonds or the maintenance of the Authority's bond program, then the provisions set forth in this Article shall be in effect.

Section 6.2 **Tax Covenants.**

(a) General. The Local Borrower acknowledges that, in connection with its state revolving fund programs, the Authority issues its Authority Bonds from time to time to finance loans and the Authority also pledges certain loans to secure and to serve as the source of payment for the Authority Bonds. As a result, and under the provisions of federal tax law applicable to the Authority Bonds, it is in the Authority's interest for the Loan to qualify and be a Tax-Exempt Obligation that is not an AMT Obligation. Therefore, the Local Borrower represents and covenants as follows with respect to the Loan and the Authority Bonds. The Local Borrower covenants that it will not take any action, or fail to take any action, if any such action or failure to take such action would adversely affect the exclusion from gross income of the interest on the Loan or the Authority Bonds under Section 103(a) of the Internal Revenue Code or cause the interest on the Loan or the Authority Bonds to become an AMT Obligation, and in the event of such action or omission, it will, promptly upon having such brought to its attention, take such reasonable actions based upon a bond counsel opinion as may rescind or otherwise negate such action or omission. The Local Borrower will not directly or indirectly use or permit the use of any proceeds of the Loan or any other funds of the Local Borrower or take or omit to take any action that would cause the Loan or the Authority Bonds to be or become "arbitrage bonds" within the meaning of Section 148(a) of the Internal Revenue Code or to fail to meet any other applicable requirement of Sections 103, 141, 148, 149 and 150 of the Internal Revenue Code or cause the interest on the Loan or the Authority Bonds to become an item of tax preference for purposes of the alternative minimum tax imposed on individuals and corporations under the Internal Revenue Code. To that end, the Local Borrower will comply with all applicable requirements of Sections 103, 141, 148, 149 and 150 of the Code to the extent applicable to the Loan.

(b) Modification Based on Bond Counsel Opinion. Notwithstanding any provision of this Section, if the Local Borrower provides to the Authority a bond counsel opinion to the effect that any action required under this Section is no longer required, or to the effect that some further action is required, to maintain the exclusion from gross income of interest on the Loan or the Authority Bonds pursuant to Section 103(a) of the Internal Revenue Code, the provisions of this Section and the covenants in this Section shall be deemed to be modified to that extent.

(c) Bond Counsel Opinion. For purposes of this Article, "bond counsel opinion" means an opinion letter of a firm of attorneys of national reputation experienced in the field of municipal bonds whose opinions are generally accepted by purchasers of municipal bonds, and who is acceptable to the Authority.

Section 6.3 Third Party Beneficiaries. The Trustee, the owners from time to time of the Authority Bonds, any Credit Enhancer from time to time of the Authority Bonds and any underwriter of the Authority Bonds are each expressly acknowledged to be third party beneficiaries of this Loan Agreement and each representation, agreement, duty, obligation and provision of this Loan Agreement.

Section 6.4 Additional Documents Relating to Authority Bonds. The Local Borrower will furnish to the Authority and certify to such information and execute and deliver and cause to be executed and delivered such documents as the Authority, the underwriter or other parties to any Authority Bond transaction may reasonably require, including, without limitation:

(a) a certificate of an Authorized Officer of the Local Borrower to the effect that the information contained in the Final Official Statement (defined in Section 6.5, paragraph (a)) for the Authority Bonds concerning the Local Borrower is correct in all material respects and is an accurate summary of the information which it purports to summarize, and that nothing has come to the Authorized Officer's attention that would lead the Authorized Officer to believe that the information in the Final Official Statement relating to the Local Borrower contains an untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; and

(b) subject to the continuing disclosure requirements of Securities and Exchange Commission Rule 15c2-12 (the "Disclosure Rule"), a continuing disclosure undertaking of the Local Borrower meeting the requirements of the Disclosure Rule, and a statement of the Local Borrower as to whether it has failed to provide any information and notices required by the provisions of previous continuing disclosure undertakings, if any, of the Local Borrower under the Disclosure Rule, and if it has not, describing the circumstances and status of such failure; and

(c) an appropriate certificate executed by Authorized Officer of the Local Borrower concerning the reasonable expectations of the Local Borrower as to the use of the proceeds of the Loan and such other matters as may be required on the part of the Local Borrower in order to ensure that the Authority Bonds are and will remain Tax-Exempt

Obligations that are not AMT Obligations, and the Local Borrower covenants to comply with the provisions of such certificate; and

(d) such other certificates, documents and information, and supplemental opinions of Local Borrower's counsel, as the Authority, the underwriters of the Authority Bonds or other parties to the Authority Bonds transaction may reasonably require and as are necessary to confirm the continued truth and accuracy of information supplied by or on behalf of the Local Borrower.

Section 6.5 **Disclosure Regarding Authority Bonds.**

(a) The information, if any, relating to the Local Borrower (including without limitation the financial and statistical data contained therein) which has been furnished by the Local Borrower to be included in, and which is included in, a Preliminary Official Statement of the Authority (the "*Preliminary Official Statement*"), or a final Official Statement (the "*Final Official Statement*") of the Authority concerning any Authority Bonds, as of the respective dates of each such document and at all times subsequent thereto up to and including the Bond Closing, will be (if necessary by amendment provided by the Local Borrower) true and correct and will not contain an untrue statement of material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. To the extent permitted by law, and notwithstanding any other provision of this Loan Agreement, the Local Borrower will indemnify, save and hold harmless the Authority and each other local borrower, if any, included in the Final Official Statement, and each of such parties' respective agents, for, from and against any and all claims, damages, liability and court awards including costs, expenses and attorneys fees incurred as a result of any omission or misstatement of a material fact in the Local Borrower's information in the Final Official Statement, as it may have been supplemented or amended by the Local Borrower.

(b) The Local Borrower agrees that from the date of the Final Official Statement and for a period until not later than 25 days after the date of the Bond Closing if and so long as the offering of the Authority Bonds continues (i) the Local Borrower will furnish such information with respect to itself as the Authority (for itself or at the request of the underwriters of the Authority Bonds) may from time to time reasonably request and (ii) if any event shall occur as a result of which it is necessary, in the opinion of Bond Counsel to the Authority, or counsel for the underwriters of the Authority Bonds, to amend or supplement the information in the Final Official Statement relating to the Local Borrower in order to make such information not misleading in light of the circumstances then existing, the Local Borrower will forthwith prepare, and furnish to the Authority and the underwriters such information relating to the Local Borrower as may be necessary to permit the preparation of an amendment of or supplement to the Final Official Statement (in form and substance satisfactory to the Bond Counsel to the Authority and counsel for the underwriters) which will amend or supplement the Final Official Statement so that it will not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in light of the circumstances then existing, not misleading.

(c) The Local Borrower agrees that if prior to the 25th day following the end of the underwriting period of the Authority Bonds, as defined for purposes of the Disclosure Rule, any event shall occur which causes the representations contained in Section 6.4, paragraph (a) to be false in any material respect, the Local Borrower shall promptly notify the Authority of such development, and if in the opinion of the Authority and the underwriters of the Authority Bonds such development requires the preparation of a supplement or an amendment to the Preliminary Official Statement or the Final Official Statement, the Local Borrower agrees to cooperate with the Authority and the underwriters for the Authority Bonds in preparing any such supplement or amendment in a form acceptable to such parties and to pay all reasonable expenses incurred by such parties in connection with the preparation thereof.

Section 6.6 **Assignment and Transfer by Authority to Trustee.**

(a) The Local Borrower expressly acknowledges that, other than the right of the Authority to be indemnified by the Local Borrower, all right, title and interest of the Authority in, to and under this Loan Agreement will be assigned to the Trustee as security for the Authority Bonds, as applicable, as provided in the Authority's Master Trust Indenture, and that if any Event of Default shall occur the Trustee, pursuant to the Authority's Master Trust Indenture, shall be entitled to act hereunder in the place and stead of the Authority. The Local Borrower hereby acknowledges the requirements of the Authority's Master Trust Indenture applicable to the Authority Bonds and consents to such assignment and appointment. The Authority shall retain the right to compel or otherwise enforce observance and

performance by the Local Borrower of its duties, covenants, obligations and to be indemnified by the Local Borrower; provided, however, that in no event shall the Authority or the Trustee have the right to accelerate the payments under this Loan Agreement.

(b) The Local Borrower hereby approves and consents to any assignment or transfer of this Loan Agreement that the Authority deems to be necessary in connection with any refunding of the Authority Bonds or otherwise in connection with the Clean Water Revolving Fund and Drinking Water Revolving Fund programs of the Authority.

Section 6.7 **Conditions to Assignment by Local Borrower.** Notwithstanding Section 4.2, this Loan Agreement may not be assigned by the Local Borrower for any reason, unless the following conditions shall be satisfied: (i) the Authority, the Trustee and the Credit Enhancer, if any, of the Authority Bonds shall have approved said assignment in writing; (ii) the assignee shall be a governmental unit within the meaning of Section 141(c) of the Internal Revenue Code or another entity acceptable to the Authority and the assignee shall have expressly assumed in writing the full and faithful observance and performance of the Local Borrower's duties, covenants, agreements and obligations hereunder; (iii) immediately after such assignment, the assignee shall not be in default in the performance or observance of any duties, covenants, obligations or agreements of the Local Borrower hereunder; (iv) the Authority and the Trustee shall have received an opinion of bond counsel to the effect that such assignment will not adversely affect the exclusion of interest on the Authority Bonds from gross income for purposes of Federal income taxation under Section 103(a) of the Code or make the Authority Bonds or the Loan AMT Obligations; and (v) the Authority and the Trustee shall receive an opinion of counsel to the effect that such assignment will not violate the provisions of the Master Trust Indenture or any agreement entered into by the Authority with, or condition of any grant received by the Authority from, the United States of America relating to the Capital Grant Facility or any capitalization grants received by the Authority or the State under the Federal Water Pollution Control Act and the Federal Safe Drinking Water Act.

No assignment shall relieve the Local Borrower from primary liability for any of its obligations under this Loan Agreement and in the event of such assignment, the Local Borrower shall continue to remain primarily liable for the performance and observance of its obligations to be performed and observed under this Loan Agreement.

Section 6.8 **Sale or Other Disposition of Project or System.** The Local Borrower agrees that it will not sell, lease, abandon or otherwise dispose of all or substantially all or any substantial portion of the Project or the System unless (i) the transferee assumes the Local Borrower's obligations under this Loan Agreement in accordance with Section 6.6, (ii) the Authority shall by appropriate action determine, in its sole discretion, that such sale, lease, abandonment or other disposition will not adversely affect the Authority's ability to meet its duties, covenants, obligations and agreements under the Bond Documents, and will not adversely affect the eligibility of interest on Authority Bonds then outstanding or which could be issued in the future for exclusion from gross income for purposes of federal income taxation or cause such Authority Bonds to be AMT Obligations, and (iii) the Credit Enhancer, if any, of the Authority Bonds shall have given its prior written consent to such disposition.

Section 6.9 **Deficiencies Under Bond Documents Caused by Failure to Make Loan Repayment.** The Local Borrower acknowledges that payment of the Authority Bonds by the Authority, including payment from moneys drawn by the Trustee from the Bond Reserves or the CWRP Financial Assistance Account and DWRP Financial Assistance Accounts established under the Bond Documents, does not constitute payment of the amounts due under this Loan Agreement. If at any time the amounts on deposit in the Bond Reserves or the CWRP Financial Assistance Account and DWRP Financial Assistance Accounts shall be less than the amounts required by the Bond Documents as the result of any transfer of moneys from the Bond Reserves or the CWRP Financial Assistance Account and DWRP Financial Assistance Accounts which in turn is the result of a failure by the Local Borrower to make any Loan Repayments required hereunder, the Local Borrower agrees to (i) replenish such moneys so transferred, and (ii) replenish any deficiency arising from losses incurred in making such transfer as the result of the liquidation by the Authority of investment securities acquired as an investment of moneys in the Bond Reserves or the CWRP Financial Assistance Account and DWRP Financial Assistance Accounts, by making payments to the Authority in equal monthly installments for the lesser of six (6) months or the remaining term of the Loan at a combined interest and fee rate to be determined by the Authority necessary to make up any loss caused by such deficiency, provided that the combined interest and fee rate payable on the Loan including such make-up combined interest and fees shall not exceed the maximum rate permitted by the Authorizing Proceedings which authorized this Loan Agreement.

Section 6.10 **Indemnification.** To the extent permitted by law, the Local Borrower shall indemnify, save and hold harmless the Authority against any and all claims, damages, liability and court awards including costs, expenses and attorney fees to the extent incurred as a result of any gross negligence or willful misconduct by the Local Borrower, or its employees, agents or subcontractors pursuant to the terms of this Loan Agreement.

Section 6.11 **Compliance with Master Trust Indenture.** The Local Borrower covenants and agrees to take such action as it may lawfully take and as the Authority shall reasonably request so as to enable the Authority to observe and comply with, all duties, covenants, obligations and agreements contained in the Master Trust Indenture insofar as such duties, covenants, obligations and agreements relate to the obligations of the Local Borrower under this Loan Agreement.

Section 6.12 **Provisions Relating to Default.**

(a) Any notice or information which the Local Borrower is to give to the Authority pursuant to the provisions of Article 5 shall also be given by the Local Borrower to the Trustee and to any Credit Enhancer at the same time.

(b) Notwithstanding the provisions of Section 5.3, paragraph (a) and Section 5.7, so long as a Credit Enhancer is not in default of its obligations with respect to its payment guarantee of the Authority Bonds and such guarantee is in effect, the Credit Enhancer shall have the right to direct the exercise of remedies provided for herein and the Trustee and the Authority shall not pursue any remedy except with the prior written consent of the Credit Enhancer.

(c) In the event of a default hereunder by the Local Borrower, the Local Borrower shall also pay the expenses of the Trustee and of any Credit Enhancer in the same manner as provided in Section 5.4 with respect to the expenses of the Authority.

Section 6.13 **Tax Compliance Certificate.** If the Authority Bonds are issued and sold on the basis that they are Tax-Exempt Obligations, an Authorized Officer of the Local Borrower shall deliver an appropriate certificate concerning the reasonable expectations of the Local Borrower as to the use of the proceeds of the Loan and such other matters as may be required on the part of the Local Borrower in order to ensure that the Authority Bonds are and will remain Tax-Exempt Obligations that are not AMT Obligations, and the Local Borrower covenants to comply with the provisions of such certificate.
