

# City of Peoria Tentative Budget

FY 2024

# CITY MANAGER BUDGET MESSAGE

## Fiscal Year 2024

Mayor Beck and Members of the Peoria City Council,

I am pleased to present the proposed operating and capital budget for the City of Peoria for the fiscal year beginning July 1, 2023, and ending June 30, 2024, including the City's capital improvement program for FY 2024 through FY 2033. The proposed FY 2024 budget is a structurally balanced spending plan that will preserve our strong financial foundation and provide the resources needed to deliver the high-quality public services our community expects.

The proposed budget totals \$950.0 million, which represents an increase from the \$783.0 million budget in the prior year. This increase was expected due to peak capital project expenditures planned for FY 2024 as well as a significant investment in police officers. The increase is made possible by the strong growth in revenue from the past few years. The operating budget is \$416.4 million—a 12.0 percent increase over the prior year. The \$410.6 million capital budget is largely driven by \$188.0 million carried over from the previous year, expedited water projects and inflation.

### Financial Summary

Thanks to prudent management, the city maintains its strong financial position. Evidence of Peoria's favorable financial condition is its general obligation bond rating. Peoria maintains a triple-A rating from both Fitch and Moody's. Peoria is one of only a handful of Valley cities to have triple-A ratings from both of these rating agencies.

The city's revenue growth remains strong. Year to date, Peoria's sales tax revenue is up 6.1 percent over the prior year with similar growth in state shared sales tax. Due to a delay in tax receipts related to the COVID-19 pandemic, state shared income tax is 40.9 percent above the prior year. Collections from state shared road funds and vehicle license tax are up 9.9 percent and 12.1 percent, respectively.

As we develop the FY 2024 budget, our latest forecasts estimate that city sales tax revenues will end the current fiscal year 3.0 percent higher than the prior year and that overall General Fund revenues will be up 7.0 percent. The higher than anticipated revenue growth has increased our capacity to fund one-time items in the FY 2024 budget.

Looking to the future, there are reasons to remain cautious. On the revenue side, there is recognition that sales tax revenues are volatile, rising with economic expansions and falling with recessions. Because roughly half of Peoria's General Fund revenue is generated from sales tax, the city must always be cognizant of its exposure to a potential recession around the corner.

Once thought to be transitory, inflation remains high. The Consumer Price Index was 6.4 percent higher in January 2023 than the prior year. To combat inflation, the Federal Reserve Board has

aggressively raised its benchmark rate from near zero to 4.75 percent over a 6-month period, creating more uncertainty for financial and housing markets.

Inflation coupled with labor shortages heightens the pressure to keep pace with the salaries and benefits offered by other cities and private businesses in the Valley. To this end, the FY 2024 budget includes funding for merit and cost of living increases for employees to keep their compensation competitive with other Valley cities.

## **FUND BALANCE AND FUND RESERVES**

The City Council-adopted *Principles of Sound Financial Management* (PSFM) include strong policies on reserve levels for our major operating funds. Our fund reserves give us the flexibility we need to continue to provide services to the community in the event of a natural disaster or a sudden loss of revenue. Meeting our fund balance reserve requirements is one of our primary considerations as we prepare and refine our forecasts throughout the year. Fund balance reserves are fully funded for FY 2024, with the exception of residential solid waste. A portion of residential solid waste reserves are being used to moderate rate increases.

Although Peoria does not use our reserves to address recurring expenditures, each year the budget includes a contingency appropriation so that we have the ability to appropriately use our reserves in the event of an emergency. Contingency appropriation is also needed to enable us to spend unexpected revenues such as federal grants or to act on an economic development opportunity, for example. The total contingency appropriation for FY 2024 is \$75.0 million, with \$34.0 million set aside in the General Fund, \$15.0 million in the Half Cent Sales Tax Fund, and the balance spread among various other funds.

## **OPERATING BUDGET AND TAXES, RATES, AND FEES**

Peoria prepares a five-year financial forecast of major funds. This practice ensures that ongoing revenues can support ongoing expenditures over the forecast period. In the November midyear financial review with City Council, the forecast showed capacity for the upcoming budget year.

The FY 2024 operating budget is \$416.4 million—a 12.0 percent increase over the prior year. The General Fund, which accounts for 52 percent of the citywide operating budget, totals \$215.9 million. Below are some highlights from the proposed operating budget:

- ✓ Does not increase the city property tax rate or to the transaction privilege tax rate (sales tax).
- ✓ Builds more wells to provide a redundant supply of water. Peoria utility customer can expect a combined rate adjustment of 9.0 percent in July 2023. Even with this rate adjustment, Peoria residents continue to enjoy comparatively low utility rates among Valley cities.
- ✓ Allocates the funding needed by departments to provide services to Peoria residents and businesses. Citywide, department supplemental requests added \$15.9 million ongoing and \$20.7 million one-time to the operating budget. The General Fund accounted for \$8.0 million of the ongoing total and \$16.7 million of the one-time total.
- ✓ Underscores our commitment to maintaining a competitive workforce through annual compensation adjustments, including our MOU commitments to the various labor groups as well as merit and cost-of-living increases for non-represented employees.

The FY 2024 budget adds 36 new positions (36 FTEs) to the city’s authorized strength. The table below lists the new positions by department. Of the 36 new positions, only 5 are not directly related to public safety and Water Services.

### Budget Priorities

At study sessions and council meetings, City Council has laid out its major budget priorities. These priorities include water, public safety, development of a new airport, downtown redevelopment, building renovation, and cost savings.

**Water.** Like many other Valley cities, Peoria is investing in efforts to make the city more resilient to drought. Specifically, on the operational side, the Water Services budget includes additional funding for water supply, water conservation rebates, five new positions, chemicals, electricity and equipment. The capital improvement program (CIP) funds new projects related to drought resiliency and moves other projects up sooner. Supply chain disruptions and long lead times for parts and equipment have been a challenge for Water Services. To help alleviate supply chain problems, the capital program also provides resources so that the department can bolster inventory on hand.

**Public Safety.** Public safety is the largest component of Peoria’s General Fund. To ensure the Police department has the necessary resources to serve and protect Peoria’s residents and businesses, the FY 2024 budget includes funding for four school resource officers, two police sergeants, 11 police officers, and six civilian police positions, along with a helicopter and crew. It is envisioned that the city will share the helicopter and associated costs with other West Valley cities. Additionally,

increased funding for overtime, training, specialized software, and vehicles will enhance proactive policing efforts. In terms of capital investments for police, the CIP includes \$10.0 million for the Glendale Regional Public Safety Training Center (GRPSTC).

The Fire-Medical Department's budget includes two new positions: a pre-biller for ambulance operations and a logistics clerk. To enhance fire-medical services, the budget provides funding for increased overtime, a reserve rescue, replacement engines, and training. In addition to funding fire station no. 8, the FY 2024 CIP includes several projects to expand, rehabilitate, and improve fire stations.

**Economic Development.** In order to maintain Peoria's solid financial position, the City must continually be growing its revenue producers. Economic Development remains a key focus of the FY24 budget. Redeveloping downtown Peoria is a budget priority. The CIP includes \$9.9 million for this effort in FY 2024. TSMC's \$40.0 billion investment in a semiconductor plant near the border of northern Peoria has created an exceptional opportunity for regional economic development. Businesses that support the TSMC plant will need to locate near an airport. By building an airport in northern Peoria, the city would be a hub for economic activity such as enterprise associated with airport business parks. To this end, the budget includes funding for an airport feasibility study and moves forward over \$82.0 million in the CIP to connect Lake Pleasant Parkway to the airport.

### **CAPITAL IMPROVEMENT PROGRAM (CIP)**

Infrastructure and amenities are critical to the quality of life of any community. Peoria is known for reliable utilities, a well-designed and maintained roadway network, quality public facilities, and beautiful parks.

Each year city staff reviews and updates the CIP. The CIP provides a schedule of planned improvements over the next 10 years and identifies the revenue sources that will pay for those improvements. As we updated the capital program, we took a hard look at community needs and re-prioritized projects, timing, and funding to create a balanced set of amenities that will serve our community and address City Council goals.

Although the budget does add new projects in FY 2024, the 44.1 percent growth in the first year of the CIP is mainly the result of the \$188.0 million carryover from FY 2023. Worker shortages and long lead times for construction materials are delaying projects to FY 2024. While the \$410.6 million capital budget for FY 2024 is increasing by 44.1 percent over the prior year, the overall \$1.1 billion 10-year CIP is increasing by only 2.0 percent.

The proposed 10-year CIP makes major investments in water and sewer infrastructure. For example, in terms of significant water projects, the first two years of the 10-year CIP include \$62.0 million for the wellfield/booster pump station at Lake Pleasant Parkway/CAP, \$13.5 million for the reclaimed water line to Paloma Park, \$21.6 million for the reclaimed water line from Jomax to Beardsley, and \$7.9 million for the SRP/CAP interconnect Facility. On the wastewater side, the CIP provides \$10.0 million for the Jomax plant expansion and \$32.4 million for the Beardsley plant expansion.

Besides the aforementioned downtown redevelopment, GRPSTC, and airport projects, the 10-year CIP includes investments in several facilities and roadways. A few of these investments include projects related to the Peoria Sports Complex auxiliary field and parking improvements, the fleet

shop replacement, regional drainage improvements at 67<sup>th</sup> and Pinnacle Peak Road, and a turf reduction program for parks. The CIP also continues to fund new fire stations and fire station refreshes/remodels.

Equally as important to building new facilities is the responsibility to maintain what we already own. As such, you will find various projects throughout the CIP related to replacement and refurbishment of existing assets throughout Peoria, including \$4 million in building renovations to enhance the public and occupational functionality of the City Hall campus. The City Hall Complex was built over 32 years ago in 1991. The FY 2024 CIP provides repair and maintenance of infrastructure for water/wastewater and parks. Of continued interest is the multi-year \$23 million pavement management program to rehabilitate all streets with a PCI rating of 60 or lower. To avoid major pavement rehabilitation projects, the CIP also includes \$50.1 million over 10 years for pavement preservation. These projects will significantly reduce the long-term financial impacts of aging asphalt infrastructure.

### **ACKNOWLEDGEMENTS**

As seen in the proposed budget, the city is positioned to place large investments in City Council priorities. This could not be achieved without the partnership between City Council and staff. I wish to thank the Mayor and City Council for their guidance and support throughout the development of this proposed budget. In addition, I wish to thank the Finance and Budget Department staff, our deputy city managers, department directors, and all of the employees of the city who have contributed to make the FY 2024 budget a reality.

Sincerely,

Henry Darwin  
City Manager

# Schedules

The schedules summarize the City's financial activities in a comprehensive, numeric format. These include detailed tables on the following functions:

- Schedule 1 starts with beginning balances for each fund and tracks the money coming in, tracks the money going out, and arrives at a projected ending balance for each fund.
- Schedule 2 is a multi-year look at all revenues (money in).
- Schedule 3 is a multi-year look at all operating, day-to-day expenditures (money out).
- Schedule 4 is a list of projected Streetlight and Maintenance Improvement Districts revenues.
- Schedule 5 is a list of the City's tax levy and rate.
- Schedule 6 is a multi-year listing of personnel by department.
- Schedule 7 is a multi-year look at personnel by position.
- Schedule 8 is a list of the City's debt obligations and payment requirements.
- Schedule 9 is a list of the City's Capital Improvement Projects for the upcoming year.
- Schedule 10 is a summary of new budget requests, called "supplementals."
- Schedule 11 is State of Arizona Auditor General Schedule A which shows the estimated revenues and expenditures.
- Schedule 12 is State of Arizona Auditor General Schedule B which summarizes the tax levy and tax rate information.
- Schedule 13 is State of Arizona Auditor General Schedule C which is a summary of the fund type of revenues other than property taxes.
- Schedule 14 is State of Arizona Auditor General Schedule D which shows the fund type of other financing sources/uses and interfund transfers.
- Schedule 15 is State of Arizona Auditor General Schedule E which summarizes by the department expenditures within each fund type.
- Schedule 16 is State of Arizona Auditor General Schedule F which is a summary of fund expenditures/expenses by department.
- Schedule 17 is State of Arizona Auditor General Schedule G which is a summary of the number of Full-Time Equivalent Employees and estimated Personnel Compensation by fund type.
