

## **Bid Price and Delivery Schedule For**

**\*\*\*\*\* City of Peoria Fire-Medical Department \*\*\*\*\***

Rosenbauer Minnesota LLC is pleased to provide this bid proposal. The proposed apparatus has been tailored around the requirements of the fire service industry and we are confident that our proposal will meet and exceed the needs of the department. The proposed apparatus will be constructed utilizing only the highest quality materials and workmanship available in the industry. The apparatus will provide the upmost firefighter safety and efficiency on the fire ground along with extended life and lower maintenance cost throughout the life of the vehicle.

**One (1) Rosenbauer Minnesota 100' Mid-mount Platform    \$1,626,534.00 plus tax\*\*  
On a Rosenbauer Commander cab/chassis**

**\*\* Includes two factory trips for four department personnel and Sourcewell fees**

The specifications herein contained shall form a part of the final contract, and are subject to changes desired by the purchaser, provided such alterations are interlined prior to the acceptance by the company of the order to purchase, and are provided such alterations do not materially affect the cost of the construction of the apparatus.

The proposal for fire apparatus conforms with all Federal Department of Transportation (DOT) rules and regulations in effect at the time of bid, and with all National Fire Protection Association (NFPA) guidelines for automotive fire apparatus as published at the time of bid, except as modified by customer specifications. Any increased costs incurred by the first party because of future changes in or additions to said DOT or NFPA standards will be passed along to the customers as an addition to the price set forth above.
