4. Use. Licensee shall use Premises exclusively as a site for construction of the concrete cutoff wall under existing fence and barrier landscaping to assist in preventing students from crossing BNSF railroad tracks to get to school. The concrete cut-off wall/curb and landscaping will be located on the Premises within an existing easement to ADOT for that purpose. The City of Peoria has an Intergovernmental Agreement with ADOT for maintenance of the fence and landscaping within that easement.

The concrete cut-off wall/curb will be constructed below the existing fence panels and flush with the existing ground. The fence panels will remain in place during excavation and concrete placement. The fence post foundations and the pilasters will be protected in place during construction.

According to the Licensee, the equipment to be used to install the concrete cut-off wall/curb will access the project from the Grand Avenue side of the fence (south side). The equipment to be used includes a vacuum truck to excavate the dirt (soft dig), gannon tractor, and a water truck. The Licensee will have one worker on the north side of the fence with a shovel to restore the grade and decomposed granite. Licensee shall not use the Premises for any other purpose.
