

City of Peoria Final Budget FY 2025 Budget

CITY MANAGER BUDGET MESSAGE

Fiscal Year 2025

Mayor Beck and Members of the Peoria City Council,

I am pleased to present the proposed operating and capital budgets for the City of Peoria for the fiscal year beginning July 1, 2024, and ending June 30, 2025, including the City's capital improvement program for FY 2025 through FY 2034. The proposed FY 2025 budget is a structurally balanced spending plan that reflects a continued commitment to provide superior public services to our residents, while preserving our strong financial foundation.

The proposed budget totals \$995.0 million, which represents a 4.7 percent increase from the prior year. Given inflation in the 3.0 percent range, the budget is growing by a modest amount. The operating budget is \$458.6 million—an increase from \$416.4 million in the prior year. A substantial portion of the increased operating funding is dedicated to public safety. The \$432.3 million capital budget is largely driven by \$249.8 million carried over from the previous year.

FINANCIAL SUMMARY

A tradition of fiscal discipline has placed the city in a strong financial position. Evidence of Peoria's favorable financial condition is its general obligation bond rating. Peoria maintains a triple-A rating from both Fitch and Moody's. Peoria is one of only a handful of Valley cities to have triple-A ratings from both of these rating agencies.

Peoria's revenue is growing at a level consistent with projections. Year to date, Peoria's sales tax revenue is up 1.0 percent over the prior year, while state shared sales tax growth is 5.5 percent. Collections from state shared road funds and vehicle license tax are up 3.8 percent and 2.4 percent, respectively. State shared income tax has seen significant but anticipated growth, increasing by 41.8 percent compared to FY 2023. FY 2024 is the first year of the state sharing 18.0 percent of income tax with cities. Prior to this year, the state shared 15.0 percent. The increased share is to help offset the impact of the state's flat tax, which we know will be generating significantly less revenue starting in FY 2026.

In terms of revenue growth in FY 2025, we anticipate growth in city sales tax revenues; however, this growth will be offset by the loss of residential rental revenues. The essentially flat city sales tax revenues reinforce the city's long-term strategy of limiting ongoing budget growth to known ongoing revenues while using one-time revenues for one-time purposes.

City staff is aware that year-over-year inflation has come down from its highs to 2.7 percent in December 2023. On the other hand, like most Americans, staff is even more cognizant of the fact that cumulative inflation over the past five years is 28.3 percent. Inflation coupled with a tight labor market heightens the pressure to keep pace with the salaries and benefits offered by other cities and private businesses in the Valley. To this end, the FY 2025 budget includes funding for merit and cost of living increases for employees to keep their compensation competitive with other Valley cities.

FUND BALANCE AND FUND RESERVES

The City Council-adopted *Principles of Sound Financial Management* (PSFM) include strong policies on reserve levels for our major operating funds. Our fund reserves give us the flexibility we need to continue to provide services to the community in the event of a natural disaster or a sudden loss of revenue. Meeting our fund balance reserve requirements is one of our primary considerations as we prepare and refine our forecasts throughout the year. Fund balance reserves are fully funded for FY 2025.

Although Peoria does not use our reserves to address recurring expenditures, each year a contingency appropriation is budgeted, in addition to the reserves, to address unforeseen operational and capital expenses including market changes. Contingency appropriation is also needed to enable us to spend unexpected revenues such as federal grants or to act on an economic development opportunity, for example. The total contingency appropriation for FY 2025 is \$52.5 million, with \$27.5 million set aside in the General Fund, \$10.0 million in the Half Cent Sales Tax Fund, and the balance spread among various other funds.

OPERATING BUDGET AND TAXES, RATES, AND FEES

Peoria prepares a five-year financial forecast of major funds. This practice ensures that ongoing revenues can support ongoing expenditures over the forecast period. In the November midyear financial review with City Council, the forecast showed capacity for the upcoming budget year.

The FY 2025 operating budget is \$458.6 million. The General Fund, which accounts for 52 percent of the City-wide operating budget, totals \$238.2 million. The proposed operating budget:

- ✓ Does not increase the city property tax rate or the transaction privilege tax rate (sales tax).
- ✓ Builds more wells to provide a redundant supply of water and develops more reclaimed water resources. Peoria utility customers can expect a combined rate adjustment of 8.4 percent in July 2024. Even with this rate adjustment, Peoria residents continue to enjoy comparatively low utility rates among Valley cities.
- ✓ Allocates the funding needed by departments to provide services to Peoria residents and businesses. Citywide, department supplemental requests added \$11.6 million ongoing and \$30.1 million one-time to the operating budget. The General Fund accounted for \$7.8 million of the ongoing total and \$16.6 million of the one-time total.
- ✓ Underscores our commitment to maintaining a competitive workforce through annual compensation adjustments, including our MOU commitments to the various labor groups as well as merit and cost-of-living increases for non-represented employees.

The FY 2025 budget adds 41 new positions (41 FTEs) to the city’s authorized strength. Of the 41 positions, 31 are for public safety.

COUNCIL GOALS

At study sessions and council meetings, City Council has laid out its major budget priorities. These priorities include public safety, water security, economic development, and innovative government.

Public Safety. Public safety is the largest component of Peoria’s General Fund budget. To ensure the Police department has the necessary resources to serve and protect Peoria’s residents and businesses, the FY 2025 budget includes funding for a police sergeant, seven police officers, six civilian police positions, and four full-time benefited civilian investigative specialists. The civilian investigative specialists are part of a three-year pilot program. Additionally, increased funding for contract personnel, training, specialized services, and vehicles will enhance proactive policing efforts.

In terms of capital investments for public safety, the capital improvement program (CIP) includes \$20.1 million for a joint fire-medical public safety facility in the Vistancia area, as well as \$19.1 million for a police evidence facility. The FY 2025 CIP also includes several projects to expand, rehabilitate, and improve public safety facilities.

The Fire-Medical Department’s budget includes 15 new positions to staff the joint fire-medical public safety facility. The budget also include two new positions to upgrade the Low Acuity Unit to a Medical Response

Unit. To enhance fire-medical services, the budget provides additional funding for supplies, vehicles, and training.

Water Security. In recent years, City Council has elevated the focus on water security. Last year, Peoria began a multi-year effort to become more resilient to drought. This budget advances that effort. On the operational side, the Water Services budget includes additional funding for water supply, three new positions, chemicals, electricity, specialized services, and equipment. The water/wastewater CIP funds new major plant expansions, contributes to the Bartlett Dam and reservoir expansion project, and plans for an advanced water purification treatment plant. The future of water in Peoria is reclaimed water—for irrigation in the near term and for drinking in the long term.

Economic Development. To maintain Peoria’s solid financial position, the City must continually grow its revenue producers. Peoria recently signed a development agreement with Amkor Technology. Through the agreement, Amkor has committed to develop the largest outsourced semiconductor packaging and test facility in the United States, representing a \$2 billion multi-phase investment in Peoria, adding 2,000 local jobs.

Redeveloping downtown Peoria remains a key budget priority. The CIP includes a \$14.8 million carryover to continue this effort in FY 2025. With the significant economic activity located in and around northern Peoria, a strategically placed airport would make Peoria a hub for regional economic activity. With this goal in mind, the budget includes funding to continue the airport feasibility study along with funding for capital projects to connect Lake Pleasant Parkway to future industry in the area.

Innovative Government. Like a well-run business, the city now has 80 key performance indicators that are reviewed by city management on a monthly basis. These key performance indicators go hand in hand with the work of the Office of Innovation, an investment which will yield operational improvements to the residents of Peoria for years to come. Some of the innovative projects continued in this budget include the police department’s real time crime center and the finance department’s enterprise resource planning software. Advanced, customized technology will allow these departments to serve the community more efficiently and effectively.

CAPITAL IMPROVEMENT PROGRAM (CIP)

Infrastructure and amenities are critical to the quality of life of any community. Peoria is known for reliable utilities, a well-designed and maintained roadway network, quality public facilities, and beautiful parks.

Each year, city staff reviews and updates the CIP. The CIP provides a schedule of planned improvements over the next 10 years and identifies the revenue sources that will pay for those improvements. As we updated the capital program, we took a hard look at community needs and re-prioritized projects, timing, and funding to create a balanced set of amenities that will serve our community and address City Council goals.

The \$432.3 million CIP in FY 2025 is increasing by a modest 5.3 percent over the prior year. There are a few new projects in the FY 2025 CIP, but the largest component of the FY 2025 CIP remains the FY 2024 carryover, which totals \$249.8 million. Certain supply-chain elements remain challenging and are producing long lead-times on key capital components that delay the rest of the project. Further, several key utility projects depend upon land acquisitions from government entities that have extensive processes. The overall \$1.3 billion 10-year CIP is increasing by 25.7 percent, largely driven by new utility projects.

The proposed 10-year CIP continues to make major investments in water and sewer infrastructure. Some of the projects that first appeared in last year's 10-year CIP and are continued in the FY 2025 - FY 2034 CIP include the wellfield/booster pump station at Lake Pleasant Parkway/CAP, the reclaimed water line from Jomax to Beardsley, and the SRP/CAP interconnect Facility. New projects include \$48.1 million for the Bartlett Dam and reservoir expansion project, \$165.0 million for an advanced water purification treatment plant, \$80.2 million to expand the Jomax water reclamation facility's (WRF) capacity to 4.5 million gallons a day (MGD), and \$9.1 million to start the expansion of the Beardsley WRF to 9 MGD. These projects are necessary to meet the needs of a growing city and prepare Peoria for future shortages on the Colorado River.

In addition to investments in a joint fire-medical public safety facility and downtown redevelopment, the FY 2025 - FY 2034 CIP continues investments in several facilities and roadways. A few of these investments include the city hall renovation project, Peoria Sports Complex improvements, fleet shop replacement, and regional drainage improvements/street widening at 67th and Pinnacle Peak Road.

Preservation of existing city parks is a top priority for the City Council. To further that objective, the CIP includes \$5.3 million for the parks refresh program, \$3.5 million for Pioneer Community Park enhancements, and \$7.0 million for upgrades to the Rio Vista Recreation Center and Community Park.

Well-maintained streets are vital to the quality of life for all Peoria residents. To avoid major pavement rehabilitation projects, the CIP includes \$56.7 million over 10 years for pavement preservation. In addition, the CIP includes \$18.2 million for major pavement rehabilitation projects. This dedicated funding will significantly reduce the long-term financial impacts of aging asphalt infrastructure.

ACKNOWLEDGEMENTS

To preserve the unique quality of life in our community, the proposed budget was prepared with City Council goals in mind. I wish to thank the Mayor and City Council for their guidance and support throughout the development of this proposed budget. In addition, I wish to thank the Finance and Budget Department staff, our deputy city managers, department directors, and all the employees of the city who have contributed innovative ideas to make the FY 2025 budget a reality.

Sincerely,

Henry Darwin
City Manager

Schedules

The schedules summarize the City's financial activities in a comprehensive, numeric format. These include detailed tables on the following functions:

- Schedule 1 starts with beginning balances for each fund and tracks the money coming in, tracks the money going out, and arrives at a projected ending balance for each fund.
- Schedule 2 is a multi-year look at all revenues (money in).
- Schedule 3 is a multi-year look at all operating, day-to-day expenditures (money out).
- Schedule 4 is a list of projected Streetlight and Maintenance Improvement Districts revenues.
- Schedule 5 is a list of the City's tax levy and rate.
- Schedule 6 is a multi-year listing of personnel by department.
- Schedule 7 is a multi-year look at personnel by position.
- Schedule 8 is a list of the City's debt obligations and payment requirements.
- Schedule 9 is a list of the City's Capital Improvement Projects for the upcoming year.
- Schedule 10 is a summary of new budget requests, called "supplementals."
- Schedule 11 is State of Arizona Auditor General Schedule A which shows the estimated revenues and expenditures.
- Schedule 12 is State of Arizona Auditor General Schedule B which summarizes the tax levy and tax rate information.
- Schedule 13 is State of Arizona Auditor General Schedule C which is a summary of the fund type of revenues other than property taxes.
- Schedule 14 is State of Arizona Auditor General Schedule D which shows the fund type of other financing sources/uses and interfund transfers.
- Schedule 15 is State of Arizona Auditor General Schedule E which summarizes by the department expenditures within each fund type.
- Schedule 16 is State of Arizona Auditor General Schedule F which is a summary of fund expenditures/expenses by department.
- Schedule 17 is State of Arizona Auditor General Schedule G which is a summary of the number of Full-Time Equivalent Employees and estimated Personnel Compensation by fund type.
