**Re: Taxing Jurisdiction Concurrence for Amkor Technology Arizona, Inc.
proposed Foreign-Trade Zone Designation**

Dear Ms. Yanez:

We are aware that Amkor Technology Arizona, Inc. (“Amkor”) intends to apply for a Foreign-Trade Zone (“FTZ”) designation for a manufacturing and distribution facility located on Parcels D-15 and D-16 within Vistancia Commercial Core Peoria, Arizona.

We understand the tax re-classification implications involved in the establishment of an FTZ and are comfortable with the new revenues that will result from an FTZ designation. We believe the FTZ status will have a positive economic impact on the City of Peoria’s community and our region by increasing business activity. Specifically, new employment and increased international trade. Therefore, we have no objection to Amkor’s proposed FTZ designation.

If you have any questions or require additional information, please do not hesitate to contact me, Sean Kindell, Chief Financial Officer at 623-773-7819 or sean.kindell@peoriaaz.gov.

Sincerely,

Jason Beck, Chairperson
